Save on your lab work with Quest Diagnostics™

Make sure your lab is in-network

With your Aetna health plan, you can save big on lab services when you use a Quest Diagnostics lab or another lab in the Aetna network. That's because labs, doctors and other health care providers in the network agree to provide service at reduced rates for members. This helps you save on your out-of-pocket costs.

Note: LabCorp Diagnostics facilities are not in the Aetna network.

Why Quest Diagnostics?

Quest Diagnostics* is a preferred network lab that offers you many advantages.

Convenience: Visit Quest Diagnostics at www.questdiagnostics.com for online appointment scheduling. This moves you to the front of the line when you arrive.

Or, if you prefer to make an appointment over the phone, call **1-866-MYQUEST (1-866-697-8378)** and select option 2.

Lower prices: Lower your out-of-pocket costs and put the savings where they belong — in your pocket.

Nearby locations: With thousands of locations nationwide, you can find one close to your job, home or doctor's office.

Skilled staff: Locations are staffed with professionals to help you with all your lab needs.

Reminders: You get email reminders to help you stay on top of your appointments.

Two ways to make sure you save

Here's what you need to do to make sure you save — every time you need lab work:

1. Is your doctor collecting your sample in the office?

Ask that it be sent to a Quest Diagnostics or another in-network lab.

2. Is your doctor sending you to a lab for the testing?

Ask for a *lab requisition form* to a Quest Diagnostics or another in-network lab.

Find a network lab

Your doctor might not know which lab saves you the most money on lab work. But, as long as *you know* which labs are in network before you go, you can share this information with your doctor.

And it's easy to find one.

- Go to our online provider directory at www.aetna.com/dse/custom/bmcs.
- Call Member Services at **1-800-293-3536** Monday – Friday, 7 a.m. to 8 p.m. ET.

You can also use Member Payment Estimator on your secure member website to compare lab costs.

Ask your doctor to use Quest Diagnostics or another in-network lab.
You'll pay less.
