

We Build Futures Award

September, 2018

Alison Crisp

Teacher, Tawanka Elementary School

In your nomination, the following were highlighted:

- Your dedication to be proficient in Project Based Learning on your own time and sharing your knowledge with faculty displays a caring, team-oriented attitude to provide better education opportunities for students;
- Your ability to think of creative ways and willingness to spend countless hours preparing, creating and planning to provide your best to educate your students, including obtaining outside resources to involve the community in their education; and
- Your dedication to your students and fellow faculty as demonstrated in your participation in evening and after school activities and your proud display of your school spirit as you dress in “Tawanka Eagle” attire.

All of the above are examples of ways that you show you care. You bring “fun” into school promoting creative learning and pride in what your students do while energizing others around you. Your work supports our District beliefs that our children are our future; achievement is realized through challenge; laughter, joy, and hope are essential for a quality of life; and excellence in education requires support, sacrifice, and involvement from the total community.
