

## We Build Futures Award

February, 2018

### Linda Hyjurick

*2<sup>nd</sup> grad teacher  
Walter Miller Elementary School*

In your nomination, your coordination of the Miller school community food drive during the holiday time was emphasized. It was stated that your work and leadership made a big difference within the community through this gift giving effort that helped countless families in need.

Your leadership in service projects has helped advance our belief that people have a responsibility to themselves and others. More importantly, you model for the Miller school community the true essence of the words “productive citizen” found in our mission statement.

You are an asset to Walter Miller Elementary School and the district as a whole.
