

We Build Futures Award

January, 2018

James Hadley

*Coordinator of Student Affairs
Maple Point Middle School*

In your nomination, the following were highlighted:

- You are present about the building and provide a strong connection between the administration and all of the students;
- Your interactions with students, before school starts, in the hall, in classrooms, in the lunchroom and at dismissal, always help to building students' self-esteem and create trust with the student body;
- You take on any task or project that comes your way; and
- You help to build an important bridge between the IU classrooms and Maple Point school community.

In so many ways, you have helped advance our belief that children are the future and that excellence in education requires support, sacrifice, and involvement from the total community.
