

We Build Futures Award

January, 2018

Kristeen Kuneck

*Special Education Teacher / Department Head
Maple Point Middle School*

In your nomination, the following were highlighted:

- You provide important support for all special education students by leading the department and carrying the belief that all children can learn; and
- You support new initiatives and create plans and ideas to include all students, making sure that we meet all the needs of all students.

In so many ways, you have helped advance our beliefs that children learn in different ways and at different rates, that achievement is realized through challenge, and that valuing diversity strengthens our society.

You are an asset to Maple Point Middle School and the district as a whole. Please wear the pin with pride. You are one of the reasons Neshaminy has a strong foundation of success to build upon.
