

We Build Futures Award

January, 2018

Jodi Musse

*Head Custodian
Maple Point Middle School*

In your nomination, the following were highlighted:

- You take care of the Maple Point building to make sure it is clean, safe and ready each day for staff and students;
- You accomplish any of the many “extra” tasks that are asked of you on any given day and always perform in a professional manner;
- You bring a positive attitude to the workplace on a daily basis; and
- You work effectively with your team of custodians.

All of the above are examples of ways that you show you care. Your work supports our district belief that our children are our future, and you help ensure that we provide our students their right to a safe and healthy learning environment.
