

We Build Futures Award

December, 2018

Denise Buschmann

*Health Aide (retiring)
Poquessing Middle School and Joseph Ferderbar Elementary School*

In your nomination, the following were highlighted:

- You connect with students whether they need care for a minor cut, a call home for sickness, or a serious illness;
- You build trust and relationships with families, especially families of children with significant medical needs;
- You are a giver and, when you become aware of families with hardship, you are often an anonymous donor;
- You have a sense of humor that puts students, teachers and families at ease during difficult situations -- you turn frowns upside down; and
- You are a loving mother, grandmother and school nurse. You have built futures in the Neshaminy School District for 10 years.

The above are ways that you show you care about your work and our students. Your work supports our District belief that and excellence in education requires support, sacrifice, and involvement from the total community.
