

We Build Futures Award

October, 2018

Kym Cridland

2nd Grade Teacher, Albert Schweitzer Elementary School

In your nomination, the following were highlighted:

- You are a Neshaminy Pride role model and team player who cares about her students and families;
- You are supportive and collaborative with other staff members on Project-Based Learning activities and student learning in general, providing information from the STAR Summit and sharing the capabilities of SeeSaw;
- You exemplify our District's mission to help our students become independent lifelong learners by sharing your passion and love for learning;
- You take risks with technology and think outside the box to make education exciting and engaging for students;
- You are involved on many committees, including CARES; and
- You were recently spotlighted with a Keystone Technology Innovator Award.

The above are examples of ways that you show you care about your work and our students. Your work supports our District Beliefs that all people can learn, that achievement is realized through challenge, and that success builds self-esteem.

You are an asset to Schweitzer Elementary School and the District as a whole.
