

# Program Overview

SWPBS is an approach to behavior management, focusing on teaching behavioral expectations in an intentional and specific manner. Expected behavior is reinforced and recognized on a daily basis.

# SWPBS at Miller

School Wide Positive  
Behavioral Support

Walter Miller  
Elementary School

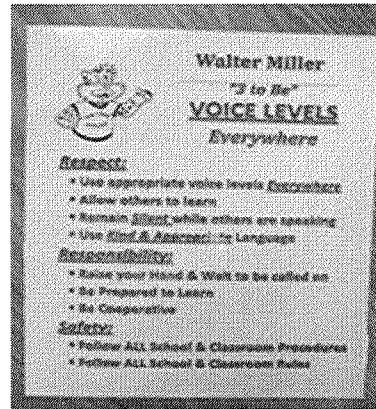

Cobalt Ridge Drive South  
Levittown, PA 19057

- Expectations are taught in the classroom and at specific locations throughout the school.

- Walter Miller "3 to Be" behavior is behavior that is considered Safe, Respectful, and Responsible.

- When a student demonstrates unexpected behaviors, expected behaviors are retaught.
- "Re-teaching" may look like practicing. (e.g. "Please go back and show me how we expect you to walk in our hallways.")

- The students who are recognized for the Miller "3 to Be" behavior will immediately receive a sticker, pencil, and certificate.

- There will be a weekly drawing and the winners picked will choose a reward. At the end of each month, there will be a big drawing for some lucky winners!
