ARP ESSER Stakeholder Feedback

Throughout the past year, administration received feedback from both parents and staff regarding the difficulties our students experienced both academically and emotionally as a result of the pandemic. This feedback has allowed our District to identify two specific areas of need:

- Target learning loss and identify students with the greatest needs at the elementary level K-5 (***MTSS Intervention Specialists***).
- Focus on the instructional best practices academically as we transition to a new school year while supporting students social and emotional needs K-12 (***Instructional Learning Coaches***).
