## APPROVALS & SIGNATURES

### Assurance of Quality and Accountability

### Assurance of Quality and Accountability

The Building Administrator, Superintendent/Chief Executive Officer and President of the School Board will affirm the following statements.

We affirm that our school has developed a School Improvement Plan based upon a thorough review of the essential practices to advance educational programs and processes and improve student achievement.

We affirm that the action plans that we will be implementing address our specific school needs, include strategies that provide educational opportunities and instructional strategies for all students and each of the student groups, increases the amount and quality of learning time, and provides equity in the curriculum which may include programs, activities, and courses necessary to provide a well-rounded education. These plans address the needs of all children in the school, but particularly the needs of those at risk of not meeting the challenging State academic standards.

We, the undersigned, hereby certify that the school level plan has been duly reviewed by the Building Administrator, Superintendent of Schools and formally approved by the district's Board of Education, per guidelines required by the Pennsylvania Department of Education.

We hereby affirm and assure that the school level plan:

- Addresses all the **required components** prescribed by the Pennsylvania Department of Education
- Meets **ESSA requirements**
- Reflects **evidence-based strategies that meet the three highest levels of evidence outlined in ESSA**
- Has a **high probability of improving student achievement**
- Has sufficient **LEA leadership and support to ensure successful implementation**

**With this Assurance of Quality & Accountability, we, therefore, request the Pennsylvania Department of Education grant formal approval to implement this school level plan.**

## Strengths

Align curricular materials and lesson plans to the PA Standards

Foster a culture of high expectations for success for all students, educators, families, and community members

Implement an evidence-based system of schoolwide positive behavior interventions and supports

Promote and sustain a positive school environment where all members feel welcomed, supported, and safe in school: socially, emotionally, intellectually and physically

Use a variety of assessments (including diagnostic, formative, and summative) to monitor student learning and adjust programs and instructional practices

2021-2022 DIBELS Kindergarten All Grade Status Report: Increased students core by 140% from BOY to EOY

2021-2022 DIBELS First Grade All Grade Status Report: Increased students core by 35% from BOY to EOY

State Assessment Measures Math PSSA 19.2% of 3rd and 4th graders scored advanced on the spring 2021 PSSA.

## Challenges

2021 PSSA.

Implement evidence-based strategies to engage families to support learning

Use multiple professional learning designs to support the learning needs of staff.

Monitor and evaluate the impact of professional learning on staff practices and student learning

2021-2022 DIBELS Second Grade All Grade Status Report: 64% of second graders core at EOY.

2021-2022 i-Ready Reading Diagnostic Growth Report: 55% of all students (grades K-4) met their expected growth target, while our Title 1 Plan goal stated that 75% of students would meet their expected growth target.

2021-2022 ELA PSSA scores show that while Tawanka's percent of students at the proficient or advanced levels (59.8%) is above the statewide average, we did not meet the interim target for proficiency (67.6%).

2021-2022 i-Ready Math Diagnostic Growth Report: 56% of all students (grades K-4) met their expected growth target, while our Title 1 Plan goal stated that 75% of students would meet their expected growth target.

### Most Notable Observations/Patterns

Most notable is that second grade reading and math scores on building-specific universal screeners were significantly lower than other grade levels. Additionally, schoolwide reading scores averaged 5 percentage points lower than math scores on building-specific universal screeners; however, the percentage of students scoring at the proficient level or above on 2021 math PSSA was 11.1 percentage points lower than the 2021 ELA PSSA. Goals and indicators remain in place to help continue to meet the diverse needs of our students while implementing our MTSS framework. Revisions will occur through the year as necessary with new data from i-Ready and DIBELS Universal Screeners and state assessments.

2021-2022 i-Ready Reading Diagnostic Growth Report: 55% of all students (grades K-4) met their expected growth target, while our Title 1 Plan goal stated that 75% of students would meet their expected growth target.

Outdated reading program; COVID-related learning loss; Changes in intervention curriculum

2021-2022 ELA PSSA scores show that while Tawanka's percent of students at the proficient or advanced levels (59.8%) is above the statewide average, we did not meet the interim target for proficiency (67.6%).
