Public Comment

Charles Alfonso, semi-retired, resident of Langhorne, commented on his opposition to the K - 4th grade and 5th - 8th grade structure. Mr. Alfonso said the Upper Merion School District's 5th grade through 8th grade model is not a good comparison to Neshaminy School District's proposal of the same because of varying differences in size, area and enrollment. He also stated that he when he contacted the Pennsylvania Department of Education they were unable to provide statistics on the grade 5 through 8th model, because such a model has not been significant enough to substantiate data.

Donna Boyle, childcare provider, resident of Langhorne, pleaded with the Board to change the Neshaminy mascot name of "Redskins" because it is derogatory and offensive to Native Americans. Ms. Boyle remarked that she has brought this issue to the Board many times and her pleas have been "swept under the rug" repeatedly. Ms. Boyle noted that Neshaminy recently observed a day of silence to bring attention to LGBT

harassment in schools and yet continues to hold the Mr. Redskins contest to choose a student who embodies school spirit.

Jim McPartlin, director of Neshaminy Kid's Club, resident of Ambler, PA, thanked the parents of Neshaminy for their support and contributions to Paws to Heart, a non-profit organization that helps homeless and abandoned dogs. He also announced the Coach Bingo function, which will be held Saturday, April 26th at 2:00 p.m. to provide funding for Neshaminy School Playgrounds and the greenhouse at Pearl S. Buck Elementary School.

Motion: Opposing Restricting Federal Medical Assistance Reimbursement

Mr. Sposato presented the following motion:

Adopted by the Board of School Directors of the Neshaminy School District

WHEREAS, the Neshaminy School District is committed to providing all students with a free and appropriate public education that allows all children to become successful and productive citizens; and

WHEREAS, the Neshaminy School District is committed to providing all students regardless of disability with the essential services to be successful in school and in life; and

WHEREAS, Neshaminy School District like many other school districts and intermediate units across the Commonwealth rely on federal Medical Assistance reimbursement through the Medical Assistance School Based Access (Access) program to help fund essential services to children with disabilities;

WHEREAS, without the timely and consistent disbursement of these funds from the Department of Public Welfare to the Neshaminy School District for services that our students are entitled to by law and which will then have to fund these services through local revenue; and,

WHEREAS, changes to eligible services for Medical Assistance has also resulted in the loss of million dollars to school districts across the commonwealth; and

WHEREAS, more than \$28 million in school district and intermediate unit reimbursement claims have been rejected by the Department of Public Welfare due to its insistence on evidence that a private insurer will not cover the services where there is no experience or precedent in Pennsylvania or in any other state in the union that private insurers cover these services; and

WHEREAS, Pennsylvania is the ONLY state in the country that requires a blanket letter of denial as a condition for a school district to receive Medical Assistance reimbursement through the Medical Assistance School Based Access program; and

WHEREAS, more than 100 insurers representing millions of dollars in unpaid reimbursements have yet to sign a blanket letter of denial; and

WHEREAS, this has resulted in millions of dollars in unpaid claims for essential services that school districts and intermediate units are required to provide to their students; and

WHEREAS, school districts and intermediate units still have not received full payment for claims from the only ten insurers that have signed a blanket letter of denial; and

WHEREAS, there is still no resolution to regarding unpaid claims and the Neshaminy School District has been informed that any and all unpaid claims as of May 16, 2014 will be permanently dismissed and left unfunded; and

WHEREAS, this unnecessary and unprecedented requirement of obtaining a blanket letter of denial risks leaving millions of dollars in federal funding unclaimed for services provided to children with disabilities.

NOW THEREFORE, BE IT RESOLVED that the Board of School Directors of the Neshaminy School District urges the Pennsylvania General Assembly, Pennsylvania State Senate, The Corbett Administration and the Pennsylvania Department of Education to demand that the Department of Public Welfare and the Public Consulting Group remove the unprecedented barriers and requirements recently imposed to restrict the federal Medical Assistance reimbursement through the Medical Assistance School Based Access program for essential services to Pennsylvania's most vulnerable children.

The Neshaminy School District seeks support from other school boards, its local legislators and members of the Senate and House Education Committees in petitioning the Corbett Administration, the Department of Public Welfare and the Public Consulting Group to allow the funding to flow to school districts and intermediate units to support essential services to students with disabilities.

This resolution will be shared with the Pennsylvania Association of Intermediate Units for dissemination to Commonwealth School Districts, Intermediate Unit's, Pennsylvania School Board Association, local legislators and members of the Senate and House Education Committees, the Governor's Office, the Department of Public Welfare and the Public Consulting Group.

Mr. Pirritano seconded the motion.

The Board unanimously approved said motion by a vote of 9 ayes and 0 nays.

Federal Programs

Public Comment

Charles Alfonso, semi-retired, resident of Langhorne, remarked that he contacted 16 Lancaster County School Districts and was informed that 12 of these districts scored higher than Neshaminy in PSSA scores. He added that only one school district in Lancaster County has 6th grade in the middle schools, while the majority has a K - 6th grade model. Mr. Alfonso said he has more findings, which he will present to the news media in the hopes of providing the public with the information.

April 22, 2014

Donna Boyle, childcare provider, resident of Langhorne, reiterated her comments about her opposition to the Neshaminy mascot name. Ms. Boyle said the Houston School District, recently changed their mascots stating that mascots that are deemed offensive to anyone should be retired and become a part of history when they no longer reflect who we are. Ms. Boyle vowed to continue her crusade.

Board Comment

Mr. Morris announced that the Policy Committee will be meeting on April 29th to discuss Firearms Handling with speakers attending from the Middletown Police Department, retired Secret Service consultants, and possibly representatives from the FBI and the District Attorney's Office.

Mr. Pirritano said that an Ad Hoc Committee meeting was held the previous night discussing facilities and another meeting will be held in May. He said that the date and time will be posted on the district web site and he encouraged the public to attend.

Respectfully submitted,
