**GENERAL TERMS, CONDITIONS AND SPECIFICATIONS**  
**TRASH REMOVAL AND RECYCLING**

**I. AWARD OF CONTRACT**

- A. Award(s), if made, will be to the lowest responsible bidder(s) for the separate contract selected to include Alternate Bids or options, if any, which the Owner chooses to accept which result(s) in the lowest aggregate total sum.
- B. The owner reserves the right to reject any or all bids, or to waive informality in the bidding if it is in the interest of the Owner to do so.
- C. Whenever two or more bids of equal amounts are the lowest bids submitted by responsible bidders, the Neshaminy School District may award the Contract to any one of such bidders as in its discretion it may determine.
- D. The Owner has the right to select any or all of the bids, although they may not all be awarded to the same bidding Contractor.
- E. The owner reserves the right to reject all bids and to proceed to an award based on an Electronic Reverse Auction. Participants in the Electronic Auction must be pre-qualified by owner to participate based on the owner's acceptance of bidder's Bid Response to this specification.

**II. INSTRUCTIONS TO BIDDERS**

- A. The response to this request for bid shall include:
  - 1. Completed bid response sheet, including signature of Contractor's authorized representative, completion of form describing the ability of the Contractor to fulfill bid specifications and a list of three references.
    - The contractor must be able to display experience providing waste and recycling haulage comparable to the service required by Neshaminy School District. A list of three references for trash and recycling removal for similar service must be provided.
    - The contractor must be able to demonstrate that they will bring recyclable materials to a well-established material recovery facility. If possible, an indication of the final end-market should also be provided. Neshaminy School District reserves the right to inspect any recycling facility indicated by the contractor to determine that all recyclables are being recycled.
  - 2. Ten percent (10%) Bid Bond.
  - 3. Non-Collusion Certification.
- B. Bidder shall furnish the information required by the Bid Form. The bidder shall type or print his name on the lists and each continuation sheet thereof, on which he makes an entry. The person signing the bid must initial erasures or other changes. An authorized officer or agent of the bidding company must sign the bid.
- C. No bid will be entertained unless properly made out in ink or typed, signed by the bidder and clearly marked on the envelope: "SEALED BID – TRASH REMOVAL AND RECYCLING."

RFP #23-13

- D. Bids and modifications or withdrawals thereof received after the time set for opening same will not be considered.
- E. In order to fully establish the extent of the work and all requirements incident to the work under this specification, the Contractor must visit the project sites. Bidder(s) shall review project sites, and any questions concerning the work shall be addressed to the School District representative. Questions or clarifications will be answered in writing by mail, to all.
- F. Sealed bids will be received at the Purchasing Department, Mr. Joe Rischow, 2001 Old Lincoln Highway, Langhorne, Pennsylvania 19047, until 10:00 a.m., Thursday February 03, 2022.
- G. The award of the contract by the Board of School Directors and issuance of a Purchase Order to the successful bidder shall be deemed to result in a binding contract.
- H. The successful bidding contractor will carry out all rehabilitation work in strict accordance with the specifications, and any work not conforming will be reinstated or replaced at the Contractor's expense.
- I. ALL bids must confirm to the specifications as listed.
- J. The right to reject any or all bids or any materials furnished which are not in strict compliance with the requirements of the specifications is a privilege reserved to the School District.
- K. Bidding contractors are required to visit sites and verify site conditions.
- L. The work shall proceed in a workmanlike manner and, when completed, the areas shall show no signs of carelessness as a result of this work.  
  
The Contractor shall take all necessary precautions to avoid injury or damage to buildings, driveways, sidewalks and lawns.
- M. Every precaution shall be made to protect the facilities during the course of the work. ALL damage that occurs will be completely restored to the satisfaction of the Owner before final payment will be made.
- N. The Owner reserves the right to change, increase or reduce the work as necessary and in such event shall notify the Contractor in writing, provided suitable adjustment is made in the original contract price.
- O. All bids must be accompanied by a bid bond in the amount of 10% of bid or certified check in the amount of 10%. The value shall be 10% of the value of a contract year period.
- P. Contractor awarded this work shall furnish evidence of full insurance coverage, including Workers' Compensation, Public Liability, Property Damage and Automobile Liability.
- Q. For the initial award, the School District shall give written notice to the Contractor of intention to accept his proposal and to award a contract to him in accordance with his proposal, whereupon the Contractor shall furnish a performance bond to the School District within such period as required hereby and by Pennsylvania law. Sixty (60) days prior to July 1<sup>st</sup> of each contract year extension, each Contractor shall be required to furnish and pay for a Performance Bond in the amount of 100% of the contract price. Sureties shall be satisfactory to the School District.

- R. Bidders are expected to examine the specifications and all instructions. Failure to do so will be at the bidder's risk. The contractor will be in compliance with all applicable local, state and federal laws applying to all aspects of their work.

### **III. DESCRIPTION OF WORK**

Neshaminy School District seeks removal of trash and recyclables from each facility in accordance with this specification.

It is the intent of this specification to be used as a guide by the bidder to establish a standard of quality to be used on this project. It does not relieve the successful bidder from furnishing and properly installing all material that may be necessary for the completion of the work as determined by the School District.

Contractor is to provide all containers and shall maintain them, so they do not present a safety hazard to the facility occupants. Containers shall be emptied completely and left in the assigned areas. No trash is to be left in containers over the weekend.

### **IV. SPECIAL INSTRUCTIONS**

During the months of July and August, trash from all facility locations will need to be rightsized, with the following exceptions:

#### **-Neshaminy Maple Point School/District Offices**

Trash to be collected per regular schedule.

#### **-Summer School Location**

The facility utilized for summer school may change from year to year. Contractor to include the pickup of 6 cubic yards of trash scheduled for daily pickup, Tuesday through Saturday at the summer school location for a period of six (6) weeks. The Contractor will be notified by June 1 of the location of summer school and the start date of pickups.

### **V. CONTRACT ADJUSTMENTS**

In the event of emergency, school closings or when an additional or reduced dumpster capacity of trash or recyclables is required at a facility, the bid price will be adjusted downward or upward in accordance with the cubic yardage capacity of dumpster at the changed location in relation to the total cubic yardage of dumpster capacity within the entire School District.

### **VI. PENALTY PROVISIONS:**

The parties acknowledge that in the event of a default in performance by the Contractor(s), it is foreseeable that the Neshaminy School District will suffer Penalties for which it is entitled to be compensated. In the event the Contractor(s) fails to satisfactorily comply with all of the terms and conditions of this RFP, the Contractor(s) shall be liable for, and the Neshaminy School District may deduct from any amount then due to the Contractor(s). This could be a credit to our account.

### **VII. CONTRACT TERM**

The contract will be from July 1, 2022 through June 30, 2025 and be extendable for one (1) or more additional year(s) if mutually agreed, up to 5 years. Any adjustment to prices will be negotiated for extension periods based on the criteria noted in Paragraph titled "Contract Adjustments."

**VIII. CONTRACT CANCELLATION**

The contract can be terminated by either party for any reason with 30 days' written notice. If both parties to the contract wish to extend the contract term additional year(s), the value of the contract may be decreased or increased depending upon the current market conditions.

**IX. PRICING FOR TRASH AND RECYCLABLES****A. Base Price for Trash and Recyclables:**

The fixed monthly cost for hauling will be a summation of the cost to haul trash and recyclables. It represents the firm aggregate net total sum cost every month for the contract year. Contractors are asked to base prices on the average monthly volume for the entire school year as detailed on the bid response sheet and in Attachment C. Bids are to be submitted for the removal of trash and recyclables from each facility listed. Pick-ups must be carried out between the hours of 4:00 a.m. and 9:00 a.m. The following schedule is required during the school year: trash and recyclables removal Tuesday through Saturday; frequency per week varies from location to location (see Attachment B).

**B. Fees and taxes:**

A description of any fees and taxes should be given in the bid response sheet for information only. All fees and taxes are included in the base price to haul trash and recyclables.

**X. ADDITIONAL CONTRACTOR RESPONSIBILITIES****A. Dumpster Specifications:**

The Contractor shall provide metal dumpsters for trash and recyclables. Dumpsters of 6 and 8 cubic yard volume are preferred when the respective dumpster capacity is needed (smaller sized dumpsters require more space). Dumpsters shall have a decal with the materials allowed in the dumpster (e.g. Trash Only; Recyclables Only: Mixed Paper, Plastic, Glass Metal Containers, and Cardboard). If possible, the color for the trash dumpster shall be different than that of the recycling dumpster. All dumpsters of 6 cubic yards or more must have a side door(s) in addition to the lid. The lid should be of a weather resistant, durable plastic material. There shall be no additional fee associated with the supply or maintenance of any equipment provided by the Contractor.

**B. Receipt/Record of Material:**

The Contractor shall provide a record of the amount of material removed from the School District each month with each invoice in either tonnage or volume. It is the contractor's responsibility to measure the materials removed from the facilities during each pickup. The School District may request to review the daily records of materials hauled at any time.

**C. Attending to Pickup and Maintenance Issues:**

A line of communication will be created between a designated liaison from the School District and the Contractor to address pickup or maintenance issues. Both liaisons will return calls within 24 hours. Example issues are: request for extra pickup for additional volume, change in pickup schedule due to a school event, inaccessibility to dumpsters by Contractor due to weather, traffic or other unexpected events, defective or broken dumpsters, and inability to haul dumpster contents due to contamination. For all maintenance requests, dumpsters shall be fixed within 5 business days or less. A procedure acceptable by both liaisons will be set up for all

possible issues, including if contamination of recyclables exceeds 5% and the Contractor is unable to haul the contents of a recycling dumpster.

If the School District is expecting to generate a volume of bulky trash that necessitates an open top roll-off the School District liaison will contact the Contractor to set this up.

If for some reason collection is not possible at the times specified, Contractor shall notify the School District representative and make necessary arrangements for complete collection at another time.

#### **XI. PROTECTION**

This Contractor shall be responsible for the protection of the existing building, facilities and improvements within the areas where his work is being done. Any disturbance or damage to the work, the existing building and improvements, equipment, or any impairment of facilities resulting from his work, shall be promptly restored, repaired or replaced by the responsible Contractor at no extra cost to the Owner.

#### **XII. INGRESS, EGRESS AND CIRCULATION**

Each Contractor shall be responsible for performing his activities in such manner as to maintain essential ingress and egress for visitors and occupants of owner-occupied areas and to continuously maintain all required emergency exits from and circulation between existing facilities. Passageways for emergency exits shall be kept continuously free from debris, equipment and other hazards to speedy evacuation.

#### **XIII. NON-INTERFERENCE WITH OWNER'S OPERATIONS**

Each Contractor shall acquaint himself with the general character of the Owner's operations prior to commencing work and shall so schedule his work to avoid interference therewith.

Unavoidable interference with school functions shall not be carried out without the Owner's approval, obtained no less than 48 hours prior to anticipated occurrence. The Contractor's attention is directed to the fact that the Owner's operations during school sessions are on an eight-hour day, five-day per week basis.

#### **XIV. PERMITS, FEES AND NOTICES**

The Contractor shall secure and pay for all permits required by all governmental agencies having jurisdiction over the work, including but not limited to fees, licenses and inspections necessary for the proper execution of the work.

#### **XV. STATUS OF THE PARTIES**

In the performance of the work, duties and obligations assumed by the Contractor under these specifications, Contractor will at all times be acting and performing as an independent contractor and not as an employee of the School District. The School District shall neither have nor exercise any control or direction whatsoever over the methods utilized by the Contractor. The sole interest and responsibility of the School District is to ensure that the work, duties and obligations set forth in the bid specifications shall be performed and rendered by the Contractor in a competent, efficient and satisfactory manner.

**XVI. INDEMINIFICATION**

Contractor hereby agrees to indemnify and hold the School District harmless from and against any and all liability, loss, damage, cost and expense, including court costs and attorney's fees (whether or not litigation be commenced) of whatever nature or type, that the School District may hereinafter suffer or incur by reason of:

1. any injury or harm sustained or purported to have been sustained by any person, including the employees of the Contractor, as a result of the work, duties or obligations being performed by the Contractor under the bid specifications;
- B. any other act or omission of the Contractor, its agents, representatives, employees, including but not limited to subcontractors or laborers who are on any structure or real property of the School District during the course of work being performed under the bid specifications; or
- C. any breach of default of the Contractor in the performance of the work, duties and obligations set forth in the bid specification.

**XVII. INSTRUCTIONS FOR NON-COLLUSION AFFIDAVIT**

- A. This Non-Collusion Affidavit is material to any contract awarded pursuant to this bid. According to the Pennsylvania Antibid-Rigging Act, 62 Pa.C.S.A. §4501 et seq., governmental agencies may require Non-Collusion Affidavits to be submitted together with bids.
- B. This Non-Collusion Affidavit must be executed by the member, officer or employee of the bidder who makes the final decision on prices and the amount quoted in the bid.
- C. Bid rigging and other efforts to restrain competition and the making of false sworn statements in connection with the submission of bids are unlawful and may be subject to criminal prosecution. The person who signs the affidavit should examine it carefully before signing and assure himself or herself that each statement is true and accurate, making diligent inquiry, as necessary, of all other persons employed by or associated with the bidder with responsibilities for the preparation, approval or submission of the bid.
- D. In the case of a bid submitted by a joint venture, each party to the venture must be identified in the bid documents, and an affidavit must be submitted separately on behalf of each party.
- E. The term "complementary bid" as used in the Affidavit has the meaning commonly associated with that term in the bidding process and includes the knowing submission of bids higher than the bid of another firm, any intentionally high or noncompetitive bid, and any other form of bid submitted for the purpose of giving a false appearance of competition.
- F. Failure to file an Affidavit in compliance with these instructions will result in disqualification of the bid.

**XVIII. ADDITIONAL INFORMATION**

Included in this specification is the following information:

1. Pickup site locations (Attachment A)
2. List of sites, dumpster size and locations and frequency of pickups during school (academic) year (Attachment B)

**RFP #23-13**

3. Summary of average monthly volumes, description of trash and recycling content and recycling program (Attachment C)
4. Bid Response Sheet (Attachment D)
5. School District maps with pickup site locations indicated. Drawing No.1.
6. Location map of each pickup site. Drawings No. 2 through No. 11.
7. Student Enrollment

**SUMMARY OF AVERAGE MONTHLY VOLUMES FOR THE ENTIRE YEAR, DESCRIPTION OF TRASH AND RECYCLING CONTENT AND RECYCLING PROGRAM**

Volumes given are quantities measured by Republic Services during their contract term. These monthly volumes are an average for all months during the school year, including July and August when volume drastically decreases. The contractor is fully responsible for validating these volumes.

**Table 2: Average Monthly Volume for Entire Year**

MATERIAL	AVERAGE MONTHLY VOLUME (IN CUBIC YARD)
Trash	1,741
Recycling	1,062
	2,803

Trash primarily consists of cafeteria food waste, bathroom waste, food packaging, custodial cleaning waste and some bulky items from maintenance. Flattened cardboard is corrugated and may include pizza boxes that have little to no food contamination. Mixed paper consists of paper generated in classrooms and offices and includes lined white notebook paper, copy paper of all colors, magazines, newspapers, junk mail, envelopes of all grades and paperboard. Commingled cans and bottles are described in Table 2 above.

A continuous educational program will be carried out to instruct and reinforce how to handle recyclables. An allowable contamination rate for recyclables will be 5%. It is expected that the contamination rate will decrease as the educational programs are carried out.

Materials will be placed in the trash and recycling dumpsters as follows: 1) **Trash dumpsters:** trash will be placed in black or blue bags into the trash dumpsters. Bulky items will not be bagged; 2) **Recycling dumpsters:** mixed paper and empty beverage containers from classrooms and offices will be placed in clear bags; empty food service containers and beverage containers from the cafeteria will be placed in clear bags; cardboard will be flattened and will be loose in the dumpster.

RFP #23-13  
RESPONSE SHEET

\_\_\_\_\_  
Bidder Name

To Whom It May Concern:

We, the undersigned, herewith propose and agree to furnish to the Neshaminy School District any one or all of the items that we have priced at the prices set opposite each item on the attached sheets.

This proposal is subject to all the terms of these specifications as printed on the attached pages and we hereby agree to enter into a written contract to furnish such item or items as may be awarded to us, and to furnish such security as these specifications require.

The undersigned bidder certifies to having read these specifications and offers to furnish the articles specified to the Neshaminy School District in exact accordance with the specifications and at the prices stated.
