

Tapping out,

Blending,

and

Reading CVC words

and Sight Words

Miss Caggiano's Creations

how to use:

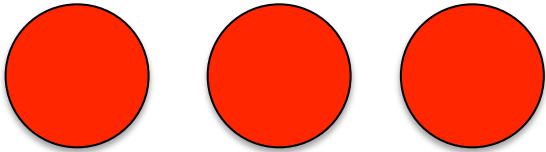

My Kindergarteners use Wilson's Foundations for our phonics program. During the second half of our year, they learn how to tap out words with the letter sounds they've learned throughout the first half. Once they tap out the letter sounds, they blend them to read the word. This will be great for a reading fluency station! I hope you enjoy and find significant use for my product!

Happy Teaching! xo
