New Year

F-3 Cahill Superstars Newsletter

January 10, 2020

Language Arts

In reading, we are working on making prediction, asking questions (answering our questions), and solving unknown words as we read. We also continue to work on expanding our vocabulary and grammar daily. In grammar this week we are focusing on finding the subject and predicate within a sentence. *In writing*, we completed some fun snowman writing! We also began writing a "how-to" piece. We are working on hooking the reader and creating a strong introduction. Our goal is to inform others on how to do something, but to make it entertaining! 😊.

SCIENCE

We are completing our final project through Defined STEM. The children are acting as nature park rangers and must help 3rd grade visitors understand what adaptations are! Some children are making posters, matching games, or multi-media presentations. Please be on the lookout on SeeSaw for a reading of their final project!

Math

This week we began working on multiplication word problems. We continue to practice using different strategies to solve multiplication problems. Next week we will begin working on division. We will continue to practice both multiplication and division strategies. Please continue to log onto IXL and prodigy at home to practice multiplication and math facts. If you need help logging on please let me know!

Notes from Mrs. Cahill

Friendly Reminder: Please continue to reinforce homework with your child. Getting into a homework routine is SO IMPORTANT. Please sign your child's reading log nightly and encourage them to be accountable for their homework 😊 Thank you for your support!

Important Dates

Mon. January 20, 2020- School is closed in honor of MLK jr. Day
Tues January 21- Dr. Dahlsgaard- Free seminar at 6:30 Maple Point (childhood anxiety and reducing stress)

Wish List

We are in need of some extra classroom supplies. If you can, please consider donating the following to our class 😊 Thank you so very much! <3
Glue
Glue Sticks
Crayons
Colored Pencils
No2 Pencils
