

F-3 Cahill Superstars Newsletter

November 22, 2019

Language Arts

In reading and writing, we continue to enjoy nonfiction and informational text. We are enjoying many mentor texts to get us ready for our informational writing unit. We are reading books and identifying all the nonfiction text features and how they help us. We particularly enjoyed the story Tigrass, which is an example of literary nonfiction. We learned that nonfiction does not have to just be a list of facts, but we can make our writing entertaining and engaging. We have also begun working with compound words.

SCIENCE

This week we observed the behaviors of our crayfish! All of our crayfish are similar, but some are feistier than others! Crayfish quiz on 11/26

Math

This week we enjoyed interpreting our data from our dessert survey. The children worked on creating a bar graph. We also enjoyed working in stations and applying the skills we have been working on with graphing. On Tuesday, we will have a math test on graphing. IXL is a great study tool. Continue to practice identifying math vocabulary like difference, sum, how many more, etc.

Notes from Mrs. Cahill

The turkeys that have come into class early are amazing! Thank you all for your hard work. Turkeys are due on Monday.

Important Dates

Mon. Nov, 25th - Turkeys Due
Tues. Nov. 26th - Crayfish Quiz and Math Test
Wed. Nov. 27 - Fri. 29th - School is Closed

Have a fantastic weekend!
