

## F-3 Cahill Superstars Newsletter

September 27, 2019

### Language Arts

*We enjoyed practicing different ways to read. The children are having fun reading digital books on EPIC, reading from their book bins, and reading to others. In writing, we are working on a long write from one of our jots. We are trying to focus on a small moment. I tell the children that we want to think about the seed, not the whole watermelon. This week the children were introduced to a set of vocabulary words. We continued to discuss nouns and finding them in a sentence.*

### Social Studies

*We played a fun jeopardy game to help us review for our chapter test! Next week, we will learn about different places in the United States. We will continue to learn about directions and maps.*

### Math

*This week we began working on mental math and estimation. The children are working on adding and subtracting 2 digit numbers. They are using mental math and estimation strategies. One strategy we are utilizing are number bonds. We also are working on rounding to the nearest ten and the nearest hundred. You can always draw a number line and find the two benchmark numbers and a midpoint. We will continue to work on rounding.*

### Notes from Mrs. Cahill

-Today we celebrated our school wide C.A.R.E.S kickoff celebration. The children rotated through stations. Each stations focused on a different C.A.R.E.S behavior.

#### Important Dates

Sept 30<sup>th</sup>-Oct 1<sup>st</sup> School is closed

Friday, Oct 4<sup>th</sup>- Picture Day ☺

Friday, Oct 4<sup>th</sup>- Writer's notebooks decorated

Have a terrific weekend!
