STUDENT DISMISSAL

All students will be dismissed at 2:55, the normal end to the school day.

Traffic patterns for drop off and pickup remain the same as last year.

- **There are two drop off and pick up points for walkers and car riders. EACH IS A ONE WAY TRAFFIC PATTERN. Please see the pictures following this information.**
- Parents dropping or picking up students off are asked to use either entrance: Langhorne Yardley Road or Woodbourne Road. Whichever you choose, please leave using the same way. We expect more traffic in our parking lots and student safety is **PARAMOUNT**. Parents are not permitted to park in parking spots to drop or pick up students. Please stay in line and pull up to the gym or auditorium in the car line to have your students enter your car. To help insure the safety of students and drivers, **one-way patterns are in affect at all times during drop off and pick-ups. Parents dropping off and picking up students during bus transport times cannot use the rear parking area.** Doors will open at 7:25 a.m. and pickup will occur at 2:55 p.m. We ask that you pull close to the curb to avoid blocking the drive.
- We will have adults and signage out to direct traffic as we become familiar with the new traffic patterns. We appreciate your patience as we institute this change in order to make sure students are safe and traffic flows the best that it can.
- Early dismissals and late drop off may still use the front entrance during non-busing times (7:55 – 2:55).

Please review the pictures on the next page for drop off and arrival procedures. All buses will enter from Woodbourne Road and travel the yellow route to the back of the building to drop off and pick up students. Please review the maps on the next page.

Student Accident Insurance

Alive Risk is offering a student accident group insurance plan for students. The cost is \$27 for school time or \$98 for 24-hour full year protection. Voluntary Student Accident Plans can be found on the MP website under Parents at the top. All applications are done online. The district does not carry medical insurance on students.

An FYI...from the District.

"Neshaminy School District has engaged Eagle Industrial Hygiene Assoc., Inc., to fulfill the requirements of the Asbestos Hazard Emergency Response Act (AHERA), 40 CFR Part 763, Subpart E. This law requires that each Local Education Authority (LEA) engage EPA accredited individuals to initially inspect and subsequently re-inspect every three years all student and staff accessed areas for the presence of both friable and non-friable asbestos containing materials (ACM) and to develop an Asbestos Management Plan from the information developed from the building inspections. All areas of our facilities were inspected for asbestos-containing materials. The Management Plan provides a description of the amount, type, location and condition of all ACM found in these areas. The Plan also contains a detailed schedule of responses and activities for handling the ACM. The Management Plan is available for review by interested parents, faculty and staff in all school offices during business hours.

Sincerely,

Donald B. Irwin, Jr.
