We Build Futures

Welcome back! We are open and offering modified services for all learning models. Safety is our top priority. We will restore full services as soon as we can safely do so. For more information contact your school's Library Media Specialist.

Full In-School and Hybrid Education Models

How do I request a library book?
To request a book, you must place a book on hold through NSD's online catalog (Destiny Library). This is located in Clever. Once a hold is placed, Destiny will automatically give you a notice that your book is available. DO NOT come to the library. Your book will be delivered to you!

Destiny Library

How many books can I request?
You may request up to 3 books at a time. However, you are not guaranteed all books requested. We will do our best to fulfill your books placed on hold.

How long is a book held after I place a hold?
If you do not claim a book, your hold will be kept for 2 weeks until it is put back on our shelf.

How will I receive my book?
Books will be delivered directly to your classroom. A schedule will be created with your teacher.

What if I no longer want a book that is delivered to my classroom?
If you decide you do not want a book that is delivered for you, just place it in the library return bin in your classroom. These books will be put back into circulation after a 5 day quarantine.

How do I return books to the library?
Books will be picked up in your classroom on scheduled days. These days will be scheduled with your classroom teacher. If you are returning your library book before a scheduled classroom pickup, books can be returned anytime to a box located outside of the library.

Should I clean or disinfect library materials before returning them?

Please do not clean or disinfect library materials. Cleaning books can damage them. After books are returned to the library, all books will be placed on a 5 day quarantine before they are put back into circulation. This means that returned materials may show up on your account for up to a week after you return them.

How do I request a library book?

To request a book, you must place a book on hold through NSD's online catalog (Destiny Library). This is located in Clever. Once a hold is placed, Destiny will automatically give you a notice that your book is available. DO NOT come to pick up your books until you are notified by email.

Destiny Library

How many books can I request?

You may request up to 3 books at a time. However, you are not guaranteed all books requested. We will do our best to fulfill your books placed on hold.

How long is a book held after I place a hold?

If you do not claim a book, your hold will be kept for 2 weeks until it is put back on our shelf.

How will I receive my book?

Books will be available for curbside pickup. Once your requests are ready, students will receive an email to their NSD email account with specific dates, times, and location for pickup.

What if I no longer want a book that I requested?

If you decide you do not want a book you requested, please respond to the email sent stating that you no longer want the book. Books not picked up will be put back on the shelf after 2 weeks.

How do I return books to the library?

Books can be returned when you pick up a new checkout. If you are not requesting a new book and would like to schedule a book return, email your school's librarian to schedule a return.

Should I clean or disinfect library materials before returning them?

Please do not clean or disinfect library materials. Cleaning books can damage them. After books are returned to the library, all books will be placed on a 5 day quarantine before they are put back into circulation.
