

Are you a Junior interested in the Bucks Dual Program?

Neshaminy will be hosting an **information night** on **March 11, 2024**:

- Students are encouraged to attend with at least one parent to learn more about the structure and requirements for the program
- All students with a GPA of 2.5 or higher are eligible to apply.
- Eligible juniors will be required to fill out an application and take a placement test
- For now, you will pick a full courseload and then if you are accepted to the program, we'll reduce your NHS courseload to create room for the BCCC classes.
- Please look out for upcoming communications with more details about the information night.

Class of 2025
