Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Neshaminy School District as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Neshaminy School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

To the Board of School Directors
Neshaminy School District
Langhorne, Pennsylvania

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Neshaminy School District as of June 30, 2019, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6 through 17, budgetary comparison information on pages 66 and 67, schedule of the school district's proportionate share of the PSERS net pension liability on page 68, schedule of the school district's PSERS pension contributions on page 69, schedule of the school district's proportionate share of the PSERS net other postemployment benefit plan liability on page 70, schedule of the school district's PSERS other postemployment benefit plan contributions on page 71, and schedule of changes in the total other postemployment benefit plan liability and related ratios on page 72 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

To the Board of School Directors
Neshaminy School District
Langhorne, Pennsylvania

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Neshaminy School District's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal and state awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 25, 2020, on our consideration of the Neshaminy School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Neshaminy School District's internal control over financial reporting and compliance.

NESHAMINY SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

YEAR ENDED JUNE 30, 2019

The discussion and analysis of the Neshaminy School District's financial performance provides an overall review of the School District's financial activities for the fiscal year ended June 30, 2019. The intent of this discussion and analysis is to look at the School District's financial performance as a whole, by providing additional information that is not provided in the government-wide financial statements. Please read it in conjunction with the basic financial statements and single audit report.

FINANCIAL HIGHLIGHTS

- The School District's liabilities and deferred inflows exceeded assets and deferred outflows by \$189.7 million at the close of the most recent fiscal year.
- Overall revenues were \$184.2 million, \$1.3 million more than expenses.
- Student enrollment has moderately increased over the last few years.

OVERVIEW OF THE FINANCIAL STATEMENTS

The accompanying financial statements have been prepared in accordance with Governmental Accounting Standards Board (GASB) Statement Number 34 and present government-wide financial statements, fund financial statements, and notes to the basic financial statements, using both the accrual and modified accrual basis of accounting, respectively.

Government-Wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the School District's finances, in a manner similar to a private-sector business.

The *Statement of Net Position* reports assets, deferred outflows, liabilities and deferred inflows for the entire School District (governmental activities and business-type activities). Net position is the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the School District is improving or deteriorating.

The *Statement of Activities* reports the School District's expenses, revenues, depreciation and other changes in net position during the year. This report focuses on the net cost of individual functions with reconciliation between the beginning net position and the ending net position.

NESHAMINY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
YEAR ENDED JUNE 30, 2019

Fund Financial Statements

A *fund* is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The School District's funds can be divided into three categories: Governmental Funds, Proprietary Funds and Fiduciary Funds.

- **Governmental Funds.** *Governmental Funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, Governmental Fund financial statements focus on how cash and other financial assets can readily be converted to cash flow in and out and the balances left at year-end that are available for spending. Such information may be useful in evaluating the government's short-term financing requirements. Because this information does not encompass the additional long-term focus of the School District-wide statements, additional information to explain the relationship (or differences) between them can be found in the reconciliation statements.

The *Balance Sheet - Governmental Funds* reports assets, deferred outflows, liabilities, deferred inflows and fund balance of the General Fund and Capital Projects Fund.

The *Reconciliation of Total Governmental Funds Balances to Net Position of Governmental Activities* explains the differences in Governmental Funds balances reported on the *Balance Sheet - Governmental Funds* and the total net position reported on the *Statement of Net Position*.

The *Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds* reports the revenues, expenditures and changes in fund balance for the General Fund and Capital Projects Fund.

The *Reconciliation of the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Statement of Activities* provides a reconciliation of the changes in fund balances reported on the *Statement of Revenues, Expenditures and Changes in Fund Balances* to the changes in net position as reported on the *Statement of Activities*.

- **Proprietary Funds.** *Proprietary Funds* are used to account for activities that are similar to those often found in the private sector. The District maintains one Proprietary Fund Type, which is an Enterprise Fund, for food service. The *Enterprise Fund* is used to account for the School District's operations that are financed and operated in a manner similar to private business enterprises. The cost of providing goods or services to the students on a continuing basis is financed or recovered primarily through user charges or cost reimbursement plans. The Food Service Fund accounts for the revenues, food purchases and other costs and expenses of providing meals to students during the school year. This fund is reported as a major fund.

The *Statement of Net Position - Proprietary Fund* reports assets, liabilities and net position for the Food Service Fund.

NESHAMINY SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

YEAR ENDED JUNE 30, 2019

The *Statement of Revenues, Expenses and Changes in Net Position - Proprietary Fund* reports the revenues, expenses and changes in net position for the Food Service Fund.

The *Statement of Cash Flows - Proprietary Fund* reports the inflows and outflows of cash during the fiscal year for the Food Service Fund.

- **Fiduciary Funds.** *Fiduciary Funds* are used to account for resources held for the benefit of parties outside the governmental entity. *Fiduciary Funds* are not reflected in the government-wide financial statements because the District cannot use these funds to finance its operations. The School District uses an *Activity Fund* to account for resources held for student activities in the middle schools and high school and a *Trust Fund* to account for the receipts and disbursement of monies contributed to the School District for scholarships and memorials.

The *Statement of Fiduciary Net Position - Fiduciary Funds* reports assets and liabilities for the School District's student activity accounts and scholarship accounts.

The *Statement of Changes in Fiduciary Net Position - Fiduciary Funds* reports changes in net position for the School District's scholarship accounts.

Notes to the Basic Financial Statements

The notes provide additional information that is essential for a full understanding of the data provided in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As of June 30, 2019, the School District had total assets and deferred outflows of \$266.6 million with 4.3% of these assets being in cash and cash equivalents (or \$11.5 million), 14.3% (or \$38.1 million) being in investments and 72.8% (or \$164.9 million) being in the net value of land, buildings, furniture and equipment and construction in progress. The remaining 8.6% is attributed to the \$11.5 million in receivables and \$37.2 million deferred outflow related to the pensions, \$1.7 million in deferred outflow related to OPEB, and \$1.6 million in deferred charges on refunding. Changes in the capital assets include net additions of \$2,556,359 and retirement of assets of \$64,062.

As of June 30, 2019, the School District had total liabilities and deferred inflows of \$456.2 million with 29% (or \$133.1 million) being in bonds payable, 1.1% (or \$4.9 million) being in accumulated compensated absences, .7% (or \$3.2 million) being in accounts payable, .2% (or \$965,797) being in accrued interest and 2.2% (or \$10.0 million) being in accrued salaries and benefits. The net pension liability was \$276.8 million. The principal paid for debt service during the year was \$3.2 million.

The resulting (\$189.7) million in net position includes unrestricted net position of (\$224.3) million and \$34.6 million in net investment in capital assets. There was a decrease in net investment in capital assets of 6% and an increase in unrestricted net position of 1.6%. This results in an overall increase in net position of 1%.

NESHAMINY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
YEAR ENDED JUNE 30, 2019

As seen in the changes in net position chart below, the School District's total revenues increased by \$7,179,706, which included a governmental activities increase of \$6,970,239 and a business-type activities increase of \$209,467. The School District's total expenses increased by \$38,724 which consisted of a governmental activities decrease of \$45,282 and a business-type activities increase of \$84,006. This resulted in an increase in total net position of \$1,326,265 which included an increase in governmental activities of \$1,202,220 and an increase in business-type activities of \$124,045.

The largest increase in general revenues was in property taxes. Property taxes increased by \$4,264,336 due to the addition of several housing developments in the district.

The largest increase in expenses was in operation and maintenance of plant. This increased by \$1,441,548.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

As noted earlier, the School District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

Governmental Funds report the differences between their assets, deferred outflows, liabilities and deferred inflows as fund balance, which is reported as five components: Nonspendable, Restricted, Committed, Assigned and Unassigned. Nonspendable Fund Balance cannot be spent either because it is not in a spendable form or because it is legally or contractually required to be maintained intact. Restricted Fund Balance is amounts that can be spent only for specific purposes because of state or federal laws or externally imposed conditions by grantors or creditors. Committed Fund Balance is amounts that can be used only for specific purposes determined by a formal action by the Board of School Directors. This includes the budget reserve account. Assigned Fund Balance is amounts that are intended to be used for a specific purpose, as expressed by the Board of School Directors or by an official or body to which the Board of School Directors delegates the Authority. Unassigned Fund Balance is all amounts not included in other spendable classifications.

Fund balance in the *Balance Sheet - Governmental Funds* is the difference between revenue and expenditures at the end of the year, combined with the fund balance from the beginning of the year. Fund balance in the General Fund is summarized below.

	June 30,		
	<u>2019</u>	<u>2018</u>	<u>Difference</u>
Fund balance:			
Nonspendable	\$ 178,572	\$ 779,353	\$ (600,781)
Committed	15,000,000	12,000,000	3,000,000
Assigned	13,000,000	7,820,353	5,179,647
Unassigned	<u>14,440,162</u>	<u>14,405,739</u>	<u>34,423</u>
Total fund balance	<u>\$ 42,618,734</u>	<u>\$ 35,005,445</u>	<u>\$ 7,613,289</u>

For the year ended June 30, 2019, the fund balance in the General Fund increased \$7,613,289 from the prior year's balance. The increase in fund balance is primarily attributable to a restriction in spending on discretionary items.

The fund balance in the Capital Projects Fund increased by \$270,750. Total assets increased by \$279,045 to \$1,213,177. The Capital Projects Fund balance is restricted for use with the capital projects only.

Proprietary Funds

Food Service Fund - This fund accounts for the revenues, food purchases and other costs and expenses of providing meals to students during the school year. This fund is reported as a major fund.

Community Aquatics and CORE - These funds account for all revenues and costs and expenses of the community aquatics and CORE programs.

NESHAMINY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
YEAR ENDED JUNE 30, 2019

Fund net position in the *Statement of Net Position - Proprietary Fund* is the difference between assets and liabilities at the end of the year. Total net position is summarized below.

	June 30,		Difference
	2019	2018	
Fund net position:			
Total assets and deferred outflows	\$ 1,692,512	\$ 3,075,175	\$ (1,382,663)
Total liabilities and deferred inflows	5,475,286	6,981,994	(1,506,708)
Net investment in capital assets	210,120	115,047	95,073
Unrestricted	(3,992,894)	(4,021,866)	28,972
Total net position	\$ (3,782,774)	\$ (3,906,819)	\$ 124,045

As of June 30, 2019, the Enterprise Funds had (\$3,782,774) in net position.

The food service revenues in 2018-2019 were 5.8% more than the previous year. The major decreases were ala carte revenues. This decrease was offset by large increases in lunch sales and special functions.

The expenses in 2018-2019 were 3.0% more than the previous year. The largest increase was in supplies expense.

Fiduciary Funds

The Fiduciary Funds consist of the Private-Purpose Trust Funds and the Activity Fund. The Trust Fund accounts are the receipts and disbursement of monies contributed to the District for scholarships and memorials. The balance as of June 30, 2019 was \$90,503, which was \$2,063 less than the previous year due to a decrease in cash and cash equivalents. The Activity Funds are used for the Student Activity Fund accounts for student activities in the high school and middle schools.

General Fund Budgetary Highlights

Variances between the original 2018-2019 budget and the final year-end budget were due to transfers done throughout the year and federal, state and local grants. The grant budgets are increased as grants are awarded. These are not expected to have a significant effect on future services or liquidity.

The final revenue budget was \$2.8 Million less than the original budget. The negative variance of actual revenues with the final budget of \$1.8 Million is primarily the result of current real estate taxes, delinquent real estate taxes and real estate penalties, and an over estimation of \$1.1 Million reimbursement for psers since actual salaries were also overestimated, and an overestimate of subsidies in the amount of \$603,000. The budget to actual variance for federal revenues was only a positive amount of \$245,616.

The district reduction in actual final expenditures as compared to the budget was due to a restriction in spending in discretionary items. The positive variance of actual expenditures with the final budget of \$6 Million is primarily the result of the following factors: Savings of salaries and benefits \$5 Million; purchased professional services \$426,000; general supplies \$408,000; and equipment \$475,000. The positive variance of \$3.7 million in Support services is primarily the result of the following factors: Savings of salaries and benefits \$2.3 Million; purchased professional services \$653,000; and general supplies \$501,000.

Transfers

There was a transfer from the General Fund to the Capital Projects Fund of \$2.25 Million to fund future capital projects.

YEAR ENDED JUNE 30, 2019

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The School District's property, plant and equipment with useful lives of more than one year are stated at historical cost and comprehensively reported in the government-wide financial statements. Proprietary Fund capital assets are also reported in their fund financial statements.

For the year ended June 30, 2019, the School District had \$164,677,203 in capital assets, less depreciation. The additions and retirements, less depreciation, were a decrease of \$6,466,951. For the year ended June 30, 2019, food service had \$210,120 in capital assets, less depreciation. More detailed information about capital assets can be found in Note F to the financial statements.

MAJOR FINANCIAL ISSUES

Most of the major financial issues addressed by the School District during the past year were a continuation of annual or ongoing events that began in the prior year. Among these events are state funding and the pension program.

State Funding

The Governor's 2018-2019 budget for the Commonwealth of Pennsylvania had a slight increase for the basic education funding.

The state also had a slight increase to the special education funding.

The state's share of instruction expenditures has dropped from 54.2% in 1971-72 to 25% in 2018-2019.

o 1971-72	54.2%	o 1991-92	40.3%
o 1987-88	43.2%	o 2018-19	25.4%

Pension Program

The Pennsylvania School Employees Retirement System (PSERS) board has increased the employer retirement rate from 32.57 percent to 33.43 percent of salaries for 2018-19 and this is approximately a \$700,000 increase. The employer share of PSERS continues to be financial issue for the school district as it escalates the compensation of all employees.

Comprehensive Plan

The School District has developed a Comprehensive Plan, which was formerly known as the Strategic Plan. The Comprehensive Plan was mandated by the State as a requirement of every district to have a system in place to monitor our Academic Standards and Assessment. This is a visionary roadmap for the district and the planning includes the community stakeholders.

NESHAMINY SCHOOL DISTRICT

MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)

YEAR ENDED JUNE 30, 2019

The Neshaminy community is committed to implementing the following goals:

- Student Achievement - Curriculum and Instruction

ACADEMIC CHOICE - IF we ensure that instruction provides academic choice, THEN Neshaminy students will be more engaged and invested in their own learning.

QUALITY ASSESSMENT - IF we create an assessment and grading system that is consistent and reflective of student achievement and understanding, THEN students will be able to use this formative feedback in order to advance their learning and educators will be able to use the data to adjust instruction to best meet the needs of students.

- Student Centered and Community Focused

COMMUNITY ACTIVITIES - IF we involve students in authentic, community-based activities, THEN they will build a foundation for further action as productive members of society.

IMPROVED COMMUNICATION - IF we improve the variety and quality of our communication vehicles, THEN we will better connect our students, parents and the broader school community and enrich learning opportunities.

SOCIAL/EMOTIONAL SUPPORT - IF we provide social and emotional support systems for our students, THEN they will meet with greater academic success.

- Financial Responsibility and Fiscal Resiliency

PROGRAM EVALUATION - IF we regularly evaluate the effectiveness of individual programs, THEN we can better channel appropriate resources.

ALTERNATIVES - IF we increase or develop alternative methods for the delivery of instruction, THEN we will increase the available resources for all students.

NEW REVENUE - IF we pursue new revenue, THEN we will be able to create and offer new learning opportunities.

Labor Relations

The professional staff of the Neshaminy School District is represented by the Neshaminy Federation of Teachers, an affiliation of the Pennsylvania Federation of Teachers. This group has the responsibility of bargaining for these employees. The School District and Neshaminy Federation of Teachers settled the contract in November 2019, retroactive to July 2019, and this will be in effect through June 30, 2024.

The support staff of the Neshaminy School District is represented by the Neshaminy Educational Support Personnel Association, an affiliation of the Pennsylvania State Educational Support Personnel Association. The School District and the Neshaminy Education Support Personnel Association settled the contract in November 2019, retroactive to July 1, 2018, and this contract will be in effect through June 30, 2023.

NESHAMINY SCHOOL DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
YEAR ENDED JUNE 30, 2019

FUTURE PROSPECTS

Mission Statement

The Neshaminy community builds futures by empowering each child to become a productive citizen and a lifelong learner. The Neshaminy Community believes that children are the future, all people can learn, all people have worth and a quality education is a right.

In order to carry out the mission and objectives of the School District, the Board, administration and public are continually exploring new and improved vehicles by which the School District will be the **BEST** in providing for the educational needs of its students. The School District is constantly designing methods to maintain our educational excellence while cutting unnecessary spending on those items or services, which will not ultimately benefit the student. Internal controls and constant monitoring of procedures and policies help to ensure the best educational environment for any student here at Neshaminy. Not only is the School District searching for increases in funding, as are all school districts, but we are searching for innovative alternatives to the funding of a school district. Some avenues which the School District is currently exploring are the use of Parent Teacher Organizations, sponsorship from private corporations and donated services to the school district for a variety of educational needs. We will continue to investigate alternatives as well as tax reform to lessen the burden of increases in real estate taxes in subsequent years on the average homeowner in the School District.

The Neshaminy Board of School Directors, administration and the public are committed to meeting the challenges of the present and future conditions to establish the "best education possible" while maintaining fiscal responsibility to the taxpayers.

RECONCILIATION OF TOTAL GOVERNMENTAL FUNDS BALANCES TO NET POSITION OF GOVERNMENTAL ACTIVITIES JUNE 30, 2019

TOTAL GOVERNMENTAL FUNDS BALANCES	\$ 43,623,482
<p>Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds. These assets consist of:</p>	
Land and site improvements	4,207,505
Buildings and building improvements	251,882,607
Furniture and equipment	45,222,434
Construction in progress	1,060,826
Accumulated depreciation	(137,696,169)
<p>Deferred charges used in governmental activities are not financial resources and therefore are not reported in the funds.</p>	
	1,591,687
<p>Deferred inflows and outflows of resources related to pension and opeb activities are not financial resources and therefore not reported in the governmental funds.</p>	
	29,694,824
<p>Some liabilities are not due and payable in the current period and therefore are not reported in the funds. Those liabilities consist of:</p>	
Accrued interest	(965,797)
Bonds/note payable	(123,595,000)
Bond premium, net of issuance costs	(9,501,923)
Compensated absences	(4,860,372)
Net pension liability	(271,946,000)
Other postemployment benefits	(17,318,638)
<p>Some of the School District's revenues will be collected after year-end but are not available soon enough to pay for the current period's expenditures and therefore are deferred in the funds.</p>

NESHAMINY SCHOOL DISTRICT

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES YEAR ENDED JUNE 30, 2019

NET CHANGE IN FUND BALANCES - TOTAL GOVERNMENTAL FUNDS	\$ 7,884,039
Capital outlays are reported in Governmental Funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation (\$9,021,310) exceeds capital outlays (\$2,556,359) in the current period.	(6,464,951)
Because some property taxes will not be collected for several months after the School District's fiscal year ends, they are not considered as "available" revenues in the Governmental Funds. Unearned tax revenues increased by this amount this year.	105,814
Issuance of bonds and notes is a revenue in the Governmental Funds, but the proceeds increase long-term liabilities in the statement of net position. Repayment of bonds, notes and capital lease principal is an expenditure in the Governmental Funds, but the repayment reduces long-term liabilities in the statement of net position.	3,245,000
Governmental Funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences.	637,883
In the statement of activities, certain operating expenses--compensated absences (vacations and sick leave) and other postemployment benefits--are measured by the amounts earned during the year. In the Governmental Funds, however, expenditures for these items are measured by the amount of financial resources used (essentially, the amounts actually paid).	199,064
Some expenses reported in the statement of activities do not require the use of current financial resources and are not reported as expenditures in Governmental Funds:	
Accrued interest not reflected in Governmental Funds	21,081
Pension plan expense	(4,964,000)
The net change in the liability for the net OPEB obligation is reported in the government-wide statements but not in the Governmental Funds statements.	540,290
The net effect of various transactions involving capital assets (i.e., sales, gains on dispositions) is to decrease net position.	<u>(2,000)</u>
CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES	<u>\$ 1,202,220</u>

See accompanying notes to the basic financial statements.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The basic financial statements of the Neshaminy School District (the "School District") have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the School District's accounting policies are described below.

Reporting Entity

The accompanying basic financial statements comply with the provisions of GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units*, in that the financial statements include all organizations, activities and functions for which the School District is financially accountable. Financial accountability is defined as the appointment of a voting majority of a component unit's board and either (1) the School District's ability to impose its will over a component unit or (2) the possibility that the component unit will provide a financial benefit or impose a financial burden on the School District. This report presents the activities of the Neshaminy School District. The School District is not a component unit of another reporting entity nor does it have any component units.

Basis of Presentation and Accounting

Government-Wide Financial Statements - The statement of net position and the statement of activities display information about the School District as a whole. These statements include the financial activities of the primary government, except for Fiduciary Funds. The statements distinguish between those activities of the School District that are governmental and those that are considered business-type activities.

The government-wide statements are prepared using the economic resources measurement focus and the accrual basis of accounting. This is the same approach used in the preparation of the Proprietary Fund financial statements but differs from the manner in which Governmental Funds financial statements are prepared. Governmental Funds financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for Governmental Funds. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The government-wide statement of activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the School District and for each function or program of the School District's governmental activities. Direct expenses are those that are specifically associated with a service, program, or department and therefore clearly identifiable to a particular function.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues, which are not classified as program revenues, are presented as general revenues of the School District, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the School District.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

Fund Financial Statements - Fund financial statements report detailed information about the School District. The focus of Governmental and Proprietary Funds financial statements is on major funds rather than reporting funds by type. Each major fund is presented in a separate column. Fiduciary Funds are reported by fund type.

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. All Governmental Funds are accounted for using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School District considers revenues to be available if they are collected within 60 days of the end of the fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments are recorded only when payment is due. The financial statements for Governmental Funds are a balance sheet, which generally includes only current assets and current liabilities, and a statement of revenues, expenditures and changes in fund balances, which reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources.

The Proprietary Fund Type is accounted for on a flow of economic resources measurement focus. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the statement of net position. The statement of revenues, expenses and changes in net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net position. The statement of cash flows provides information about how the School District finances and meets the cash flow needs of its proprietary activities.

The Proprietary Fund distinguishes *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a Proprietary Fund's principal ongoing operations. The principal operating revenues of the School District's Enterprise Fund are charges to customers for sales and services. Operating expenses for the Enterprise Fund include cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Trust Funds are reported using the economic resources measurement focus.

When both restricted and unrestricted resources are available for use, it is the School District's policy to use restricted resources first, then unrestricted resources as they are needed.

Revenue Recognition

In applying the susceptible to accrual concept under the modified accrual basis, certain revenue sources are deemed both measurable and available (i.e., collectible within the current year or within 60 days from year-end and available to pay obligations of the current period). This includes property taxes, interest earnings, real estate transfer taxes and certain fees for services. Revenues for state and federally funded projects are recognized at the time the expenditures are incurred and the amount is received during the period or within 60 days from year-end.

Fund Accounting

The School District uses funds to maintain its financial records during the fiscal year. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain School District functions or activities. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The various funds of the School District are grouped into the categories governmental, proprietary and fiduciary.

Governmental Funds

General Fund - The General Fund is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available for any purpose provided it is expended or transferred according to the general laws of Pennsylvania.

Capital Projects Fund - The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and improvements in accordance with the applicable general obligation bond agreements.

Proprietary Funds

Food Service Fund/Core Swimming Fund/Community Aquatics Fund - These fund are used to account for operations (1) that are financed and operated in a manner similar to private business enterprises--where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges or (2) where the governing body has decided that periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fiduciary Funds

Private-Purpose Trust Funds and Activity Fund - The Private-Purpose Trust and Activity Funds are used to account for assets held by the School District in a trustee capacity or as an agent for individuals. The Activity Fund is custodial in nature (assets equal liabilities) and does not involve measurement of results of operations.

Trust Funds are used for the resources of the various scholarships whose sole purpose is to provide annual scholarships to particular students as prescribed by donor stipulations.

The Agency Funds account for the assets held as an agent for the various student activities.

Cash and Cash Equivalents

The School District's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition and no restrictions on withdrawal.

Investments

Statutes authorize the School District to invest in: 1) obligations, participations and other instruments of any Federal agency, 2) repurchase agreements with respect to U.S. Treasury bills or obligations, 3) negotiable certificates of deposit, 4) bankers' acceptances, 5) commercial paper, 6) shares of an investment company registered under the Investment Company Act of 1940 whose shares are registered under the Securities Act of 1933, and 7) savings or demand deposits. The specific conditions under which the District may invest in these categories are detailed in Pennsylvania Act No. 53 of 1973, as amended by Pennsylvania Act No. 10 of 2016. Investments are stated at fair value or amortized cost, as applicable.

Pennsylvania Local Government Investment Trust Funds are invested in accordance with Section 440.1 of the School Code. Each school district owns a pro rata share of each investment or deposit which is held in the name of the fund.

Under Act No. 72, enacted by the General Assembly of the Commonwealth of Pennsylvania, the funds deposited with the various banks are permitted to be secured on a pooled basis with all other public funds which the banking institution has on deposit. These may be bonds of the United States, any state of the United States, or bonds of any political subdivision of Pennsylvania or the general state authority or their authorities created by the General Assembly of the Commonwealth of Pennsylvania or insured with the Federal Deposit Insurance Corporation. The market value of such bonds pledged must equal 120% of the funds deposited. The security pledged by the various depositories utilized during the year and at June 30, 2019, was in excess of the minimum requirements just described.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The School District has adopted GASB Statements No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools, No. 72, Fair Value Measurement and Application and No. 79 Certain External Investment Pools and Pool Participants. In accordance with these Statements, investments in marketable securities with readily determinable fair value and all investments in debt securities are reported at their fair values. Investments in qualifying external investment pools are reported at amortized cost basis.

Short-Term Interfund Receivables/Payables

During the course of operations, transactions may occur between individual funds for goods provided or services rendered. These receivables and payables are classified as “due from other funds” or “due to other funds” on the Governmental Funds balance sheet. Short-term interfund loans are classified as “interfund receivables/payables.” These amounts are eliminated in the statement of net position, except for amounts due between governmental and business-type activities, which, when present, are shown as internal balances.

Inventories and Prepaid Items

Inventory of food and milk in the Food Service Fund consists of supplies purchased and donated foods received from the federal government. Donated foods are valued at their fair market value in accordance with the *Manual of Accounting for Pennsylvania School Systems-Food Service Fund*. Food and supplies are carried at cost using the first-in, first-out method. Inventories of Governmental Funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid expenses/items in both the government-wide and fund financial statements. Prepaid expenses are reported under the purchase method.

Capital Assets

Capital assets, which include property, plant, equipment and construction in progress, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. The School District defines a capital asset as an asset with an initial, individual cost equal to or greater than \$4,000 or purchased with debt proceeds. The asset must also have an estimated useful life in excess of one year. Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items and capital assets received in a service concession arrangement are reported at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property, plant and equipment of the School District are depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Buildings and building improvements	10-45
Furniture and equipment	5-20

Long-Term Obligations

In the government-wide financial statements and the Proprietary Fund Type in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or Proprietary Fund Type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, generally are reported as debt service expenditures.

In the fund financial statements, Governmental Funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Self-Insurance

The School District is self-insured for workers' compensation. The School District accounts for its self-insurance program in the General Fund.

The School District has accrued \$291,966 in the General Fund representing incurred but unreported claims for the workers' compensation program.

Compensated Absences

It is the School District's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. These benefits are accrued when incurred in the government-wide, Proprietary and Fiduciary Funds financial statements. A liability for these amounts is reported in Governmental Funds only if they have matured, for example, as a result of employee resignations and retirements.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The School District has three items that qualify for reporting in this category. They are the deferred outflow related to pension activity, the deferred outflow related to OPEB activity and the deferred charge on refunding, all of which are reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition prices. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. The deferred outflow related to pension activity is the result of the difference between expected and actual experience, changes in assumptions, differences between projected and actual investment earnings, changes in the School District's proportionate share of the total plan from year to year, the difference between actual employer contributions and the School District's proportionate share of total contributions and actual contributions subsequent to the measurement date. The deferred outflow related to OPEB activities is the result of differences between expected and actual experience, changes in assumptions, differences between projected and actual investment earnings, changes in proportions and actual contributions subsequent to the measurement date.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The School District has three items that qualify for reporting in this category. The first item, unavailable revenues, property taxes is reported only in the Governmental Funds balance sheet. The Governmental Funds report unavailable revenues from property taxes, state grants and federal programs. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The second item, deferred inflows related to pension activity, are reported in the government-wide statement of net position. The deferred inflow related to pension activity is the result of differences between expected and actual experience and changes in the School Districts proportionate share of the total plan from year to year. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available. The deferred inflow related to OPEB activities is the result of changes in assumptions, difference between expected and actual experience, changes in the School Districts proportionate share of the total plan from year to year, the difference between employer contributions and the proportionate share of total contributions and the difference between projected and actual investment earnings.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Position

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any borrowing used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the School District or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

GASB Statement No. 54

The School District previously, through *Policy 702 Fund Balance*, adopted GASB Statement No. 54, which redefined how fund balances of the Governmental Funds are presented in the financial statements. Fund balances are classified as follows:

- ***Nonspendable*** - Amounts that cannot be spent either because they are not in a spendable form or because they are legally or contractually required to be maintained intact.
- ***Restricted*** - Amounts that can be spent only for specific purposes because of state or federal laws or externally imposed conditions by grantors or creditors.
- ***Committed*** - Amounts that can be used only for specific purposes determined by a formal resolution by the Board of School Directors.
- ***Assigned*** - Amounts that are intended to be used for a specific purpose, as expressed by the Board of School Directors or by the Business Administrator to which the Board of School Directors has delegated the authority.
- ***Unassigned*** - All amounts not included in other spendable classifications.

Restricted funds are used first as appropriate, followed by committed resources and then assigned resources, to the extent that expenditure authority has been budgeted by the Board of School Directors. The School District does reserve the right to first reduce unassigned fund balance to defer the use of these other classified funds. In the event that unassigned fund balance becomes zero, then assigned and committed fund balances are used in that order.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE B - CASH AND INVESTMENTS

Cash

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the School District's deposits may not be returned to it. The School District does not have a deposit policy for custodial credit risk. At June 30, 2019, the carrying amount of the District's deposits was \$12,178,322 and the bank balance was \$12,789,401. Of the bank balance, \$476,599 was covered by federal depository insurance. Of the remaining cash deposits, \$12,270,836 are in the Pennsylvania School District Liquid Asset Fund (PSDLAF) and are uninsured and \$41,966 is collateralized in accordance with ACT 72. Although not registered with the Securities and Exchange Commission and not subject to regulatory oversight, PSDLAF acts like a money market mutual fund in that its objective is to maintain a stable net asset value of \$1 per share, is rated by a nationally recognized statistical rating organization and is subject to an independent annual audit.

Interest Rate Risk - The School District's investment policy limits investment maturities in accordance with the Commonwealth of Pennsylvania School Code as a means of managing its exposure to fair value losses arising from increasing interest rates.

Investments

As of June 30, 2019, the School District held the following investments:

<u>Investment Type</u>	<u>Percentage of Investments</u>	<u>Amortized Cost</u>	<u>Maturities Less Than One Year</u>
State Investment pools	99.78%	\$ 38,055,171	\$ 38,055,171
Certificates of deposit	0.22%	<u>83,875</u>	<u>83,875</u>
		<u>\$ 38,139,046</u>	<u>\$ 38,139,046</u>

A portion of the School District's investments is in the PSDLAF program, of which are funds similar to mutual funds. GASB Statement No. 3, Paragraph 69, provides that certain types of cash and investments, such as cash investments in a State Treasurer's investment pool or mutual fund, cannot be assigned a credit risk category because the government does not own specific securities. Therefore, the PSDLAF cash investments included in these statements will not be assigned a credit risk category. The carrying amount of these investments at June 30, 2019, is \$38,055,171. These assets maintain a stable net asset value of \$1 per share. PSDLAF is not SEC-registered. All investments are monitored weekly by Standard & Poor's and are subject to an independent audit on an annual basis.

Investments held with qualifying external state investment pools are valued at amortized cost in accordance with GASB Statement No. 79.

Certificates of deposit held by banks of \$83,875 are stated at cost plus interest earned.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE B - CASH AND INVESTMENTS (Continued)

Fair Value Measurement

The School District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are those that lack significant observable inputs. The School District did not have any recurring fair value measurements as of June 30, 2019.

Credit Risk - State law permits the School District to invest funds in the following types of investments:

Obligations of (1) the United States of America or any of its agencies or instrumentalities backed by the full faith and credit of the United States of America, (2) the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the Commonwealth, or (3) any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities backed by the full faith and credit of the political subdivision.

The School District's investment policy does not further limit its investment choices. As of June 30, 2019, the School District's investment in the state investment pool was rated AAAM by Standard & Poor's.

NOTE C - TAXES - REAL ESTATE AND OTHER

The School Board is authorized by state law to levy property taxes for School District operations, capital improvements and debt service. Property taxes are based on assessed valuations of real property within the School District.

Taxes are levied on July 1 and payable in the following periods:

Discount periodJuly 1 to August 31 - 2% of gross levy
Face period September 1 to October 31
Penalty periodOctober 31 to collection - 10% of gross levy
Lien date January 15

School District taxes are billed and collected by the local elected tax collector. Property taxes attach as an enforceable lien on property as of July 1.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE D - ACCOUNTS RECEIVABLE

Accounts receivable at June 30, 2019, consisted of taxes, interest, other revenue and intergovernmental grants and entitlements. All receivables are considered fully collectible due to the ability to lien property for the nonpayment of taxes, the stable condition of state programs and the current year guarantee of federal funds.

A summary of accounts receivable by fund is as follows:

	<u>General Fund</u>	<u>Capital Projects Fund</u>	<u>Food Service Fund</u>
Real estate taxes	\$ 2,214,092	\$ -	\$ -
Real estate transfer taxes	226,103	-	-
Section 511 taxes	756,454	-	-
Due from other governments			
Federal sources	1,846,027	-	211,126
State subsidies	5,682,357	-	13,939
Other receivables	<u>371,469</u>	<u>6,491</u>	<u>140,911</u>
	<u>\$ 11,096,502</u>	<u>\$ 6,491</u>	<u>\$ 365,976</u>

NOTE E - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS

The composition of interfund balances as of June 30, 2019, is as follows:

Due to/from Other Funds

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General Fund	Food Service Fund	\$ 72,481
Core Swimming	General Fund	8,490
Community Aquatics	General Fund	<u>92,333</u>
		<u>\$ 173,304</u>

The amounts between the Food Service Fund and the General Fund are General Fund monies used to pay the salary and benefits of Food Service Fund employees.

Interfund Transfers

<u>Transfer In</u>	<u>Transfer Out</u>	<u>Amount</u>
Capital Projects Fund	General Fund	<u>\$ 2,255,785</u>

NOTE G - LONG-TERM DEBT

General Obligation Bonds

The School District issues general obligation bonds to provide funds for acquisition and construction of major capital facilities. General obligation bonds are direct obligations and pledge the full faith and credit of the government. These bonds generally are issued as 20-year serial bonds with equal amounts of principal maturing each year.

Annual debt service requirements to maturity for general obligation bonds and the general obligation note are as follows:

<u>Year Ending June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Totals</u>
2020	\$ 4,130,000	\$ 5,349,139	\$ 9,479,139
2021	4,295,000	5,188,873	9,483,873
2022	4,460,000	5,015,158	9,475,158
2023	4,650,000	4,823,783	9,473,783
2024	4,870,000	4,612,520	9,482,520
2025 to 2029	29,355,000	19,647,179	49,002,179
2030 to 2034	36,375,000	12,647,250	49,022,250
2035 to 2038	35,460,000	3,464,825	38,924,825
	<u>\$ 123,595,000</u>	<u>\$ 60,748,727</u>	<u>\$ 184,343,727</u>

Compensated absences and other postemployment benefits are generally liquidated by the General Fund.

In prior years, the School District has defeased various General Obligation Bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the accompanying financial statements. At June 30, 2019, the principal amount outstanding related to defeased debt was \$45,465,000.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE I - NONCANCELABLE LEASE OBLIGATION

In December 1995, the Bucks County Technical School Authority (the "Authority") issued 20-year School Revenue Bonds in the aggregate amount of \$35,360,000 for a new technical school and renovations on the old technical school. These bonds were refinanced in 2005. The bonds are secured under a trust indenture between the Authority and Wachovia National Bank by a pledge of, and are payable solely from, lease rentals payable by the Authority's member school districts, which includes the School District, under an assignment of the lease. Thus, the School District is obligated for a portion of the above amount. Each member school district's portion of the debt is based on a calculation of the apportionment of the lease rental among the member school districts made to create an equal millage impact upon all member school districts, which is effective for five years. This apportionment is then adjusted every five years thereafter until the lease expires or all payments are made. The School District made rental payments in the amount of \$747,814 for the year ended June 30, 2019, of which \$729,575 represented principal payments. The bonds were paid in full as of June 30, 2019.

NOTE J - DEFERRED INFLOWS OF RESOURCES

General Fund

Real estate taxes collected within 60 days of the close of the fiscal year are recorded as current revenues. The noncurrent portion of real estate taxes receivable is recorded as deferred inflows of resources until such time as it becomes available. Program grants received prior to the incurrence of qualifying expenditures are recorded as deferred inflows of resources.

At June 30, 2019, deferred inflows of resources consisted of delinquent taxes receivable of \$2,722,522.

NOTE K - UNEARNED REVENUE

Food Service Fund

Unearned revenue of \$1,232 in the Food Service Fund represents deferred inflows of donated commodity revenue.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE L - PENSION PLAN

Summary of Significant Accounting Policies

Pensions - For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information About the Pension Plan

Plan Description - PSERS is a governmental cost-sharing multi-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at www.psers.state.pa.us.

Benefits Provided - PSERS provides retirement, disability and death benefits. Members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least one year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserves the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum three years of service or attain a total combination of age and service that is equal to or greater than 92 with a minimum of 35 years of service. Benefits are generally equal to 2% or 2.5%, depending on membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested and early retirement benefits may be elected. For Class T-E and Class T-F members, the right to benefits is vested after ten years of service.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE L - PENSION PLAN (Continued)

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

Contributions

Members Contributions

- Active members who joined the System prior to July 22, 1983, contribute at 5.25% (Membership Class T-C) or at 6.50% (Membership Class T-D) of the member's qualifying compensation.
- Members who joined the System on or after July 22, 1983, and who were active or inactive as of July 1, 2001, contribute at 6.25% (Membership Class T-C) or at 7.50% (Membership Class T-D) of the member's qualifying compensation.
- Members who joined the System after June 30, 2001 and before July 1, 2011, contribute at 7.50% (automatic Membership Class T-D). For all new hires and for members who elected Class T-D membership, the higher contribution rates began with services rendered on or after January 1, 2002.
- Members who joined the System after June 30, 2011, automatically contribute at the Membership Class T-E rate of 7.5% (base rate) of the member's qualifying compensation. All new hires after June 30, 2011, who elect Class T-F membership, contribute at 10.3% (base rate) of the member's qualifying compensation. Membership Class T-E and Class T-F are affected by a "shared risk" provision in Act 120 of 2010 that in future fiscal years could cause the Membership Class T-E contribution rate to fluctuate between 7.5% and 9.5% and the Membership Class T-F contribution rate to fluctuate between 10.3% and 12.3%.

Employer Contributions

The School District's contractually required contribution rate for the fiscal year ended June 30, 2019, was 32.6% of covered payroll, actuarially determined as an amount that, when combined with employee contributions is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the plan from the School District were \$25,657,000 for the year ended June 30, 2019.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE L - PENSION PLAN (Continued)

Pension Liabilities, Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2019, the School District reported a liability of \$276,845,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2018, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System's total pension liability as of June 30, 2017 to June 30, 2018. The School District's proportion of the net pension liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2019, the School District's proportion was 0.5767%, which was an increase of 0.0037% from its proportion measured as of June 30, 2018.

For the year ended June 30, 2019, the School District recognized pension expense of \$30,711,000. At June 30, 2019, the School District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
GOVERNMENTAL ACTIVITIES		
Difference between expected and actual experience	\$ 2,190,000	\$ 4,209,000
Changes in assumptions	5,067,000	-
Net difference between projected and actual investment earnings	1,333,000	-
Changes in proportions	2,275,000	2,998,000
Difference between employer contributions and proportionate share of total contributions	452,000	-
Contributions subsequent to the measurement date	<u>25,203,000</u>	<u>-</u>
	<u>\$ 36,520,000</u>	<u>\$ 7,207,000</u>
BUSINESS-TYPE ACTIVITIES		
Difference between expected and actual experience	\$ 39,000	\$ 76,000
Changes in assumptions	91,000	-
Net difference between projected and actual investment earnings	24,000	-
Changes in proportions	41,000	54,000
Difference between employer contributions and proportionate share of total contributions	8,000	-
Contributions subsequent to the measurement date	<u>454,000</u>	<u>-</u>
	<u>\$ 657,000</u>	<u>\$ 130,000</u>

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE L - PENSION PLAN (Continued)

\$25,657,000 reported as deferred outflows of resources related to pensions resulting from School District contributions subsequent to the June 30, 2018 measurement date will be recognized as a reduction of the new pension liability in the year ended June 30, 2020, measured as of June 30, 2019. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	<u>Governmental Activities</u>	<u>Business-Type Activities</u>
2020	\$ 5,899,000	\$ 106,000
2021	2,438,000	44,000
2022	(3,591,000)	(65,000)
2023	<u>(636,000)</u>	<u>(12,000)</u>
	<u>\$ 4,110,000</u>	<u>\$ 73,000</u>

Actuarial Assumptions

The total pension liability as of June 30, 2018 was determined by rolling forward the System's total pension liability as of the June 30, 2017 to June 30, 2018 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method – entry age normal – level percent of pay
- Investment return – 7.25%, includes inflation at 2.75%
- Salary growth – effective average of 5.00%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases.
- Mortality rates were based on RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE L - PENSION PLAN (Continued)

The long-term expected rate of return on plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Global public equity	20.0%	5.2%
Fixed income	36.0%	2.2%
Commodities	8.0%	3.2%
Absolute return	10.0%	3.5%
Risk parity	10.0%	3.9%
Infrastructure/MLPs	8.0%	5.2%
Real estate	10.0%	4.2%
Alternative investments	15.0%	6.7%
Cash	3.0%	0.4%
Financing (LIBOR)	-20.0%	0.9%
	<u>100.0%</u>	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2018.

Discount Rate - The discount rate used to measure the total pension liability was 7.25%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE L - PENSION PLAN (Continued)

Sensitivity of the School District's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate - The following presents the net pension liability, calculated using the discount rate of 7.25%, as well as what the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.25%) or one percentage point higher (8.25%) than the current rate:

	1% Decrease 6.25%	Current Discount Rate 7.25%	1% Increase 8.25%
School District's proportionate share of the net pension liability	\$ <u>343,169,000</u>	\$ <u>276,845,000</u>	\$ <u>220,765,000</u>

Pension Plan Fiduciary Net Position - Detailed information about PSERS's fiduciary net position is available in the PSERS Comprehensive Annual Financial Report which can be found on the System's website at www.psers.state.pa.us.

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

PSERS Plan

For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and the OPEB expense, information about the fiduciary net position of the Public School Employees' Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Health Insurance Premium Assistance Program

Health Insurance Premium Assistance Program

The System provides Premium Assistance which, is a governmental cost sharing, multiple-employer other postemployment benefit plan (OPEB) for all eligible retirees who qualify and elect to participate. Employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Effective January 1, 2002 under the provisions of Act 9 of 2001, participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2018, there were no assumed future benefit increases to participating eligible retirees.

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (Continued)

Premium Assistance Eligibility Criteria

Retirees of the System can participate in the Premium Assistance program if they satisfy the following criteria:

- Have 24 ½ or more years of service, or
- Are a disability retiree, or
- Have 15 or more years of service and retired after reaching superannuation age,
- Participate in the HOP or employer-sponsored health insurance program.

Pension Plan Description

PSERS is a governmental cost-sharing multiple-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania. The members eligible to participate in the System include full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania. PSERS issues a publicly available financial report that can be obtained at www.psers.pa.gov.

Benefits Provided

Participating eligible retirees are entitled to receive premium assistance payments equal to the lesser of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2018, there were no assumed future benefit increases to participating eligible retirees.

Contributions

The Districts' contractually required contribution rate for the fiscal year ended June 30, 2018 was 0.83% of covered payroll, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the OPEB plan from the District were \$653,000 for the year ended June 30, 2019.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2019, the District reported a liability of \$12,024,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2018, and the total OPEB Liability used to calculate the net OPEB liability was determined by rolling forward the System's total OPEB liability as of June 30, 2017 to June 30, 2018. The District's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll. At June 30, 2019, the District's proportion was 0.5767%, which was an increase of 0.0037% from its proportion measured as of June 30, 2018.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (Continued)

For the years ended June 30, 2019, the District recognized OPEB expense of \$529,000. At June 30, 2019. The District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
GOVERNMENTAL ACTIVITIES		
Difference between expected and actual experience	\$ 73,000	\$ -
Changes in assumptions	187,000	448,000
Net difference between projected and actual investment earnings	20,000	-
Changes in proportions	67,000	169,000
Difference between employer contributions and proportionate share of total contributions	-	9,000
Contributions subsequent to the measurement date	<u>640,000</u>	<u>-</u>
	<u>\$ 987,000</u>	<u>\$ 626,000</u>

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (Continued)

Actuarial Assumptions

The Total OPEB Liability as of June 30, 2018, was determined by rolling forward the System's Total OPEB Liability as of June 30, 2017 to June 30, 2018 using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method – Entry Age Normal – level % of pay.
- Investment return – 2.98% - S&P 20 Year Municipal Bond Rate.
- Salary growth – Effective average of 5.00%, comprised of inflation of 2.75% and 2.25% for real wage growth and for merit or seniority increases.
- Premium Assistance reimbursement is capped at \$1,200 per year.
- Mortality rates were based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.
- Participation rate:
 - Eligible retirees will elect to participate Pre-age 65 at 50%
 - Eligible retirees will elect to participate Post 65 at 70%

The following assumptions were used to determine the contribution rate:

- The results of actuarial valuation as of June 30, 2019 determined the employer contribution rate for fiscal year 2018.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date.
- Asset valuation method: Market Value
- Participation rate: 63% of eligible retirees are assumed to elect premium assistance.
- Mortality rates and retirement ages were based on the RP-2000 Combined Healthy Annuitant Tables with age set back 3 for both males and females for healthy annuitants and for dependent beneficiaries. For disabled annuitants, the RP-2000 Combined Disabled Tables with age set back 7 years for males and 3 years for females for disabled annuitants. (A unisex table based on the RP-2000 Combined Healthy Annuitant Tables with age set back 3 years for both gender assuming the population consists of 25% males and 75% females is used to determine actuarial equivalent benefits.)

Investments consist primarily of short-term assets designed to protect the principal of the plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the program, as defined in the retirement code employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (Continued)

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Cash	5.9%	0.3%
Fixed income	92.8%	92.8%
Non-US Developed Fixed	1.3%	0.4%
	<u>100.0%</u>	

The above was Board’s adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2018.

Discount Rate

The discount rate used to measure the Total OPEB Liability was 2.98%. Under the plan’s funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation date. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short-term funding policy, the OPEB plan’s fiduciary net position was not projected to be sufficient to meet projected future benefit payments, therefore the plan is considered a “pay-as-you-go” plan. A discount rate of 2.98% which represents the S&P 20 year Municipal Bond Rate at June 30, 2018, was applied to all projected benefit payments to measure the total OPEB liability.

Sensitivity of the System Net OPEB Liability to Change in Healthcare Cost Trend Rates

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual Premium Assistance. As of June 30, 2018, retirees Premium Assistance benefits are not subject to future healthcare cost increases. The annual Premium Assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2017, 93,380 retirees were receiving the maximum amount allowed of \$1,200 per year. As of June 30, 2017, 1,077 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on Healthcare Cost Trends as depicted below.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (Continued)

The following presents the System net OPEB liability for June 30, 2018, calculated using current Healthcare cost trends as well as what the District's net OPEB liability would be if it health cost trends were 1-percentage point lower or 1-percentage point higher than the current rate:

	1% Decrease	Current Rate	1% Increase
System net OPEB liability	\$ <u>12,022,000</u>	\$ <u>12,024,000</u>	\$ <u>12,026,000</u>

Sensitivity of the District's Proportionate Share of Net OPEB Liability to Change in the Discount Rate

The following presents the net OPEB liability, calculated using the discount rate of 2.98%, as well as what the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (1.98%) or 1-percentage-point higher (3.98%) than the current rate:

	1% Decrease 1.98%	Current Discount Rate 2.98%	1% Increase 3.98%
District's proportionate share of the net OPEB liability	\$ <u>13,674,000</u>	\$ <u>12,024,000</u>	\$ <u>10,654,000</u>

OPEB Plan Fiduciary Net Position

Detailed information about PSERS' fiduciary net position is available in PSERS Comprehensive Annual Financial Report, which can be found on the System's website at www.psers.pa.gov.

Single Employer Plan

Plan Description

The School District provides medical and dental insurance benefits to eligible retired employees, spouses and dependents through a single-employer defined benefit plan. The benefits, benefits level, employee contribution and employer contribution are administrated by the School Board and can be amended by the School District through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. The plan does not issue a stand-alone financial report. The activity of the plan is reported in the School District's General Fund.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (Continued)

Plan Membership

At June 30, 2019, plan membership consisted of the following:

Inactive plan members or beneficiaries currently receiving benefits	68
Inactive plan members entitled to but not yet receiving benefits	-
Active plan members	<u>894</u>
	<u><u>962</u></u>

Funding Policy and Funding Status

The plan is an unfunded plan with not assets accumulated in a trust. Contributions to the plan are equal to the benefit benefits. For the year ending June 30, 2019, benefit payments paid as they came due were \$733,304.

Benefits Provided

The plan provides the following benefits:

For teachers who retired prior to June 30, 2013, benefits include medical, prescription drug, dental, vision and life insurance until the member is eligible for Medicare. If the member is already retired has 10 or more years of District Service, the District will pay 86% of the premium of the base plan. The member must pay the remainder of the premium. The District pays 100% of the premium for Life Insurance provided in the amount of \$20,000 on the member's life. If a member does not qualify for District subsidy but is eligible for Act 110/43 benefit, the member can continue coverage by paying the COBRA premium rate for medical, prescription drug, and dental. Coverage for both the members spouse and family are included until the member is eligible for Medicare.

For teachers who retired after July 1, 2013, eligibility falls under Act 110/43. This includes all employees upon retirement with 30 years of PSERS service or upon superannuation retirement. Superannuation retirement individuals fall under to additional criteria. First, for individuals who were members of PSERS prior to July 1, 2011, an employee is eligible for PSERS superannuation retirement upon reaching age 60 with 30 years of PSERS service, age 62 with 1 year of PSERS service or 35 years of PSERS service regardless of age. Second, for individuals who became members of PSERS on or after July 1, 2011, an employee is eligible for PSERS superannuation retirement upon reaching age 65 with 3 years of PSERS service or upon attainment of a total combination of age plus service equal to or greater than 92 with a minimum of 35 years of PSERS service. Retired employees can continue coverage of themselves and their dependents in the employer's group health plan until the retired employee reaches Medicare age. In order to obtain coverage, retired employees must provide payment equal to the premium determined for the purpose of COBRA. The duration of the coverage lasts until the member is eligible for Medicare.

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (Continued)

For the superintendent, eligibility falls under Act 110/43. This includes all employees upon retirement with 30 years of PSERS service or upon superannuation retirement. Superannuation retirement individuals fall under to additional criteria. First, for individuals who were members of PSERS prior to July 1, 2011, an employee is eligible for PSERS superannuation retirement upon reaching age 60 with 30 years of PSERS service, age 62 with 1 year of PSERS service or 35 years of PSERS service regardless of age. Second, for individuals who became members of PSERS on or after July 1, 2011, an employee is eligible for PSERS superannuation retirement upon reaching age 65 with 3 years of PSERS service or upon attainment of a total combination of age plus service equal to or greater than 92 with a minimum of 35 years of PSERS service. Retired employees can continue coverage of themselves and their dependents in the employer's group health plan until the retired employee reaches Medicare age. In order to obtain coverage, retired employees must provide payment equal to the premium determined for the purpose of COBRA. The duration of the coverage lasts until the member is eligible for Medicare.

For confidential secretaries who retired prior to June 30, 2009, coverage includes, medical, prescription drug, dental, vision and life insurance. If the member has 10 or more years of District service, the District will pay 83% of the premium for Medical, prescription drug, dental and vision. The member must pay the remainder of the premium. The District pay 100% of premium for Life Insurance provided in the amount of \$30,000 on the member's life. If member does not qualify for District subsidy but is eligible for Act 110/43 benefit, member can continue coverage by paying COBRA premium rate for Medical, Prescription Drug, and Dental. Coverage of individuals include the members spouse and family.

For confidential secretaries who retired after July 1, 2009, eligibility falls under Act 110/43. This includes all employees upon retirement with 30 years of PSERS service or upon superannuation retirement. Superannuation retirement individuals fall under to additional criteria. First, for individuals who were members of PSERS prior to July 1, 2011, an employee is eligible for PSERS superannuation retirement upon reaching age 60 with 30 years of PSERS service, age 62 with 1 year of PSERS service or 35 years of PSERS service regardless of age. Second, for individuals who became members of PSERS on or after July 1, 2011, an employee is eligible for PSERS superannuation retirement upon reaching age 65 with 3 years of PSERS service or upon attainment of a total combination of age plus service equal to or greater than 92 with a minimum of 35 years of PSERS service. Retired employees can continue coverage of themselves and their dependents in the employer's group health plan until the retired employee reaches Medicare age. In order to obtain coverage, retired employees must provide payment equal to the premium determined for the purpose of COBRA. The duration of the coverage lasts until the member is eligible for Medicare.

For support staff who retired prior to June 30, 2011 and have 10 years of service with the District, coverage includes medical, prescription drug, dental and vision. The District will pay 86% of single coverage premium for prescription drug. The Member must pay 100% of the premium for medical, dental and vision. In addition, the member must pay an additional premium for the coverage of a spouse or any eligible dependents. Covered individuals include the spouse and the family until the member is eligible for Medicare.

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (Continued)

For support staff who retired prior to June 30, 2011 and are age 62 with 10 years of service with the district have coverage for medical, prescription drug, dental and vision. The District will pay 86% of single coverage premium for prescription drugs. For medical, the District will pay 90% of single coverage premium if the member is enrolled in the Keystone or PC Flex medical plans. Otherwise, the District will pay 86% of the single coverage premium for Medical. In addition, the District will pay 90% of the single coverage premiums for Dental and Vision. The member must also pay any additional premium for the coverage of a spouse or any eligible dependents. The coverage includes the members spouse and family until the member is eligible for Medicare.

For support staff who retired prior to June 30, 2011 and either age 62 with 15 years of PSERS service, age 60 with 30 years of PSERS service or 35 year of PSERS service have coverage for medical, prescription drug, dental and vision. The District will pay 86% of the premium for Prescription Drug. For medical, the district will pay 90% if the member is enrolled in the Keystone or PC Flex medical plans. Otherwise, the District will pay 86% of the premium for Medical. In addition, the District will pay 90% of the premium for Dental and Vision. The coverage includes the members spouse and family until the member is eligible for Medicare.

For support staff who retired prior to June 30, 2011, eligibility falls under Act 110/43. This includes all employees upon retirement with 30 years of PSERS service or upon superannuation retirement. Superannuation retirement individuals fall under to additional criteria. First, for individuals who were members of PSERS prior to July 1, 2011, an employee is eligible for PSERS superannuation retirement upon reaching age 60 with 30 years of PSERS service, age 62 with 1 year of PSERS service or 35 years of PSERS service regardless of age. Second, for individuals who became members of PSERS on or after July 1, 2011, an employee is eligible for PSERS superannuation retirement upon reaching age 65 with 3 years of PSERS service or upon attainment of a total combination of age plus service equal to or greater than 92 with a minimum of 35 years of PSERS service. Retired employees can continue coverage of themselves and their dependents in the employer's group health plan until the retired employee reaches Medicare age. In order to obtain coverage, retired employees must provide payment equal to the premium determined for the purpose of COBRA. The duration of the coverage lasts until the member is eligible for Medicare.

For support staff who retire after July 1, 2011, eligibility falls under Act 110/43. This includes all employees upon retirement with 30 years of PSERS service or upon superannuation retirement. Superannuation retirement individuals fall under to additional criteria. First, for individuals who were members of PSERS prior to July 1, 2011, an employee is eligible for PSERS superannuation retirement upon reaching age 60 with 30 years of PSERS service, Second, for individuals who became members of PSERS on or after July 1, 2011, an employee is eligible for PSERS superannuation retirement upon reaching age 65 with 3 years of PSERS service or upon attainment of a total combination of age plus service equal to or greater than 92 with a minimum of 35 years of PSERS service. Retired employees can continue coverage of themselves and their dependents in the employer's group health plan until the retired employee reaches Medicare age. In order to obtain coverage, retired employees must provide payment equal to the premium determined for the purpose of COBRA. The duration of the coverage lasts until the member is eligible for Medicare.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (Continued)

Life insurance benefits for support staff who retired prior to June 30, 2011 who were full time support who retired after 7/1/2003, are covered \$20,000 for life insurance. The District will pay the entire premium until the age of 72. For support staff who were full time support before 7/1/2003 and after 7/1/1988, are covered \$5,000 for life insurance. The District will pay the entire premium until the age of 72.

For support staff who retire after July 1, 2011, no life insurance benefits are offered for these members.

Assumptions

The following assumptions and actuarial methods and calculation were used:

Interest Rate – 2.98%, based on S&P Municipal Bond 20 Year High Grade Index at July 1, 2018.

Salary – An assumption for salary increases is used only for spreading contributions over future pay under the entry age normal cost method. For this purpose, salary increases are composed at a 2.5% cost of living adjustment, 1% real wage growth, and for teachers and administrators a merit increase which varies by age from 2.75% to 0%.

Withdrawal – Rates of withdrawal vary by age, gender and years of service, Sample rates for employees with more than 10 years of service are shown below. Rates for new employees start at 22.9% for both men and women and decrease with age and service.

<u>Age</u>	<u>Male Rate</u>	<u>Female Rate</u>	<u>Age</u>	<u>Male Rate</u>	<u>Female Rate</u>
25	2.57%	5.02%	45	1.37%	1.65%
30	2.57%	4.02%	50	1.92%	2.06%
35	1.50%	2.85%	55	3.38%	3.11%
40	1.34%	1.60%	60	5.57%	6.40%

Mortality – Separate rates are assumed preretirement and postretirement using the rate assumed in the PSERS defined benefit pension plan actuarial valuation.

Disability – No disability was assumed.

Retirement – Assumed retirement rates are based on PSERS plan experience and vary by age, service and gender.

Percent of Eligible Retirees Electing Coverage in Plan – 30% of employees are assumed to elect coverage.

Percent of Married at Retirement – 55% of employees are assumed to be married and have a spouse covered by the plan at retirement. Non-spouse dependents are deemed to be immaterial.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (Continued)

Spouse Age – Wives area assumed to be two years younger than their husbands.

Per Capita Claims Cost - Making use of weighted averages for various plan designs, the per capita cost for medical and prescription drug is based on the expected portion of the group’s overall cost attributed to individuals in the specified age and gender brackets. Dental and vision costs are assumed to not vary with age or gender. The resulting costs are as follows:

Age	Medical and Prescription Drug Combined	
	Males	Females
45-49	\$7,077	\$10,221
50-54	\$9,373	\$11,551
55-56	\$11,416	\$12,087
60-64	\$14,897	\$13,885
65+	\$5,855	\$5,855

Life Insurance – It is assumed that the annual cost to provide life insurance varies by age and gender. The assumed cost is equal to the amount of coverage times the applicable mortality factor contained in the valuation mortality table.

Retiree Contributions - Retiree contributions are assumed to increase at the same rate as the Health Care Cost Trend Rate.

Health Care Cost Trend Rate – 6.0% in 2018, and 5.5% in 2019 through 2021. Rates gradually decrease from 5.4% in 2022 to 3.8% in 2075 and later based on the Society of Actuaries Long-Run Medical Cost Trend Model.

Actuarial Value of Assets – Equal to the Market Value of Assets

Actuarial Cost Method – Entry Age Normal - Under the Entry Age Normal Cost Method, the Normal Cost is the present value of benefits allocated to the year following the valuation date. Benefits are allocated on a level basis over the earnings of an individual between the date of hire and the assumed retirement age. The Accrued Liability as of the valuation date is the excess of the present value of future benefits over the present value of future Normal Cost. The Unfunded Accrued Liability is the excess of the Accrued Liability over the Actuarial Value of Assets. Actuarial gains and losses serve to reduce or increase the Unfunded Accrued Liability.

Participant Data – Based on census information as of March 2018. Due to the timing of school district turnover, the data is believed to be representative of the population for the 2017-2018 school year.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE M - OTHER POSTEMPLOYMENT BENEFITS (Continued)

Changes in Assumptions – In the 2018 actuarial valuation, the discount rate changed from 3.13% to 2.98%. The marriage assumption was lowered from 65% to 55%. The trend assumption was updated. Assumptions for salary, mortality, withdrawal and retirement were updated based on new PSERS assumptions.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE N - COMPENSATED ABSENCES

School District employees who are required to work on a 12-month schedule are credited with vacation at rates which vary with length of service or job classification. Vacation (for most employee categories) may be taken or accumulated within certain limits and is paid prior to retirement or termination at the employee’s current rate of pay.

The liability to current employees is estimated and will change since unused vacation will be paid at the rate of pay in effect at the time of separation. These accumulated leaves are recorded as an expenditure in the period taken or as an accrued expenditure in the fiscal year of separation. Termination compensation payable in future years, which was \$4,860,372 at June 30, 2019, is recorded in compensated absences in the statement of net position.

NOTE O - RISK MANAGEMENT

Workers’ Compensation Self-Insurance

In fiscal year 1996, the School District established a Workers’ Compensation Program to account for and finance its uninsured risks of loss due to employee claims. This program provides coverage up to a maximum of \$300,000 for each individual worker’s compensation occurrence with specific, lower annual maximums over the life of the claim. The School District purchases commercial insurance for claims in excess of coverage provided by the program.

All School District employees are covered by the program. All salary-paying funds of the School District participate in the program and make payments to the program, which are accounted for in the General Fund, based on estimates of the amounts needed to pay prior and current period claims. The self-insurance liability of \$291,996 is based on the requirements of GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the program’s claims liability for the year ended June 30, 2019, is presented below:

<u>Balance June 30, 2018</u>	<u>Current Year Claims and Changes in Estimates</u>	<u>Claim Payments</u>	<u>Market Adjustment</u>	<u>Balance June 30, 2019</u>
\$ <u>138,287</u>	\$ <u>560,191</u>	\$ <u>(408,172)</u>	\$ <u>1,690</u>	\$ <u>291,996</u>

NESHAMINY SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2019

NOTE O - RISK MANAGEMENT (Continued)

Other Risks

The School District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. It is the policy of the School District to purchase commercial insurance for the risks of loss to which it is exposed, including workers' compensation and employee health and accident insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three years.

NOTE P - COMMITMENTS AND CONTINGENCIES

There are a number of tax assessment appeals in the Court of Common Pleas of Bucks County from the decisions of the Board of Assessment Appeals. Legal counsel for the School District cannot give an opinion on the outcome of these appeals nor can they reasonably estimate the financial impact.

NOTE Q - SUBSEQUENT EVENTS

Subsequent to year end, a global pandemic due to the spread of the COVID-19 coronavirus caused the United States government to declare a national emergency. The pandemic has led to widespread voluntary and government-mandated closings of school districts, local stores and businesses, which is anticipated to result in significant job losses. These job losses have the potential to have a significant impact on all aspects of School District operations including tax collections. In addition, due to the economic uncertainty, future federal and state funding may be impacted. This could result in less money that is relied upon by School Districts to fund specific programs. Overall, decreased funding could result in the School District having to curtail or eliminate some non-essential services and furlough employees.

Due to the pandemic, the financial markets have been in turmoil and are experiencing significant declines. These losses, if not regained, could have a detrimental impact on the value of the investments held by the School District. The negative impact on financial markets may also lead to significant decreases in the value of investments held by the state's Public School Employees' Retirement System (PSERS), which may result in a significant impact on the School District's share of PSERS pension and OPEB liabilities and deferred inflows and outflows related to the pension and OPEB plans.

At this point, the extent to which COVID-19 will impact the School District's financial condition or results of operations is uncertain and cannot be reasonably estimated at this time.

NESHAMINY SCHOOL DISTRICT
NOTE TO THE BUDGETARY COMPARISON SCHEDULE
YEAR ENDED JUNE 30, 2019

NOTE A - BUDGETARY INFORMATION

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. An annual appropriated budget is adopted for the General Fund. All annual appropriations lapse at fiscal year-end. Project-length financial plans are adopted for the Capital Projects Fund. The General Fund is the only fund for which a budget is legally required.

The School District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to March 1, the Business Administrator submits to the School Board a proposed operating budget for the fiscal year commencing the following July 1. The operating budget includes proposed expenditures and the means of financing them. The School District also prepares budgets for the Capital Projects Fund. No budget is prepared for the Food Service Fund.
2. Public hearings are conducted at the School District offices to obtain taxpayer comments.
3. Prior to July 1, the budget is legally enacted through passage of an ordinance. The Capital Projects Fund budgets are not legally adopted.
4. Legal budgetary control is maintained by the School Board at the department level. Transfers between departments, whether between funds or within a fund, or revisions that alter total revenues and expenditures of any fund must be approved by the School Board. Budgetary information in the combined operating statements is presented at or below the legal level of budgetary control. It also includes the effects of approved budget amendments. There were no budget amendments made in fiscal year 2019.
5. Budgetary data are included in the School District's management information system and are employed as a management control device during the year.
6. Unused appropriations lapse at the end of each fiscal year; however, the School District increases the subsequent year's appropriation by an amount equal to outstanding encumbrances and reserves a portion of the fund balance in a like amount.
7. The budget for the General Fund is adopted substantially on the modified accrual basis of accounting, which is consistent with accounting principles generally accepted in the United States of America.

All budget amounts presented in the accompanying required supplementary information reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions to the annual budgets during the year).

Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Board of School Directors
Neshaminy School District
Langhorne, Pennsylvania

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Neshaminy School District as of and for the year ended June 30, 2019, and the related notes to the financial statements, which collectively comprise the Neshaminy School District's basic financial statements, and have issued our report thereon dated March 25, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Neshaminy School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Neshaminy School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Neshaminy School District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of School Directors
Neshaminy School District
Langhorne, Pennsylvania

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Neshaminy School District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

***Independent Auditors' Report on Compliance for Each Major Federal Program and
Report on Internal Control Over Compliance in Accordance with the Uniform Guidance***

To the Board of School Directors
Neshaminy School District
Langhorne, Pennsylvania

Report on Compliance for Each Major Federal Program

We have audited the Neshaminy School District's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance *Supplement* that could have a direct and material effect on each of the Neshaminy School District's major federal programs for the year ended June 30, 2019. Neshaminy School District's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Neshaminy School District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Neshaminy School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Neshaminy School District's compliance.

To the Board of School Directors
Neshaminy School District
Langhorne, Pennsylvania

Opinion on Each Major Federal Program

In our opinion, the Neshaminy School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2019.

Report on Internal Control Over Compliance

Management of the Neshaminy School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Neshaminy School District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program as a basis for designing auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Neshaminy School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

To the Board of School Directors
Neshaminy School District
Langhorne, Pennsylvania

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

NESHAMINY SCHOOL DISTRICT
NOTES TO THE SCHEDULE OF EXPENDITURES OF
FEDERAL AND CERTAIN STATE AWARDS
YEAR ENDED JUNE 30, 2019

NOTE A - GENERAL

The accompanying schedule of expenditures of federal and certain state awards presents the activity of all federal financial assistance programs of the Neshaminy School District. The School District reporting entity is defined in Note A to the School District's basic financial statements. Federal financial assistance received directly from federal agencies as well as federal financial assistance passed through other governmental agencies is included on the schedule.

NOTE B - BASIS OF ACCOUNTING

The accompanying schedule of expenditures of federal and certain state awards is presented using the modified accrual basis of accounting, which is described in Note A to the School District's basic financial statements.

NOTE C - RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

Federal revenue recognized in the General Fund and the Enterprise Fund is reconciled to the schedule of expenditures of federal and certain state awards as follows:

FEDERAL REVENUE RECOGNIZED IN	
BASIC FINANCIAL STATEMENTS	
General Fund	\$ 3,344,935
Enterprise Fund	<u>1,387,888</u>
	4,732,823
STATE MATCHING FUNDS	
National School Lunch Program	<u>80,591</u>
	<u>\$ 4,813,414</u>

NOTE D - INDIRECT COST RATES

The School District has not elected to use the 10% de minimis direct cost rate as allowed in the Uniform Guidance, Section 414.

NESHAMINY SCHOOL DISTRICT
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEAR ENDED JUNE 30, 2019

A. SUMMARY OF AUDITORS' RESULTS

1. The auditors' report expresses an unmodified opinion on the financial statements of the Neshaminy School District.
2. No significant deficiencies or material weaknesses relating to the audit of the financial statements are reported in the Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With *Government Auditing Standards*.
3. No instances of noncompliance material to the financial statements of the Neshaminy School District were disclosed during the audit.
4. No significant deficiencies or material weaknesses relating to the audit of the major federal award programs are reported in the Independent Auditors' Report on Compliance for Each Major Federal Program; Report on Internal Control Over Compliance; and Report on the Schedule of Expenditures of Federal Awards in Accordance With the Uniform Guidance.
5. The auditors' report on compliance for the major award programs for the Neshaminy School District expresses an unmodified opinion.
6. There are no audit findings that are required to be reported in accordance with 2 CFR 200.516(a) of the Circular.
7. The programs tested as major programs include:

Program	CFDA
Special Education Cluster	84.027, 84.173
Title I	84.010

The threshold used for distinguishing Types A and B programs was \$750,000.

8. Neshaminy School District was determined to be a low-risk auditee.

B. FINDINGS - FINANCIAL STATEMENTS AUDIT

None.

C. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT

None.
